CENTRAL OKANAGAN PUBLIC SCHOOLS - BOARD COMMITTEE REPORT

Finance and Audit Committee Meeting

Public Meeting

Wednesday, February 21, 2024, 4:00 pm School Board Office 1040 Hollywood Road S Kelowna, BC

Board of Education: Trustee W. Broughton, Committee Chair

Trustee V. Johnson, Committee Member Trustee L. Guderyan, Committee Member

Trustee C. Desrosiers

Trustee J. Fraser

Trustee A. Geistlinger

Trustee L. Tiede

Staff: Delta Carmichael, Secretary-Treasurer/CFO

Kate Cumming, Assistant Secretary-Treasurer Terry Beaudry, Deputy Superintendent of Schools

Bob McEwen, Executive Director of Human Resources

Lise Bradshaw, Executive Assistant (Recorder)

Absent: Kevin Kaardal, Superintendent of Schools/CEO

Kirsten Nugent, Finance Manager

Partner Groups: Susan Bauhart, COTA President

Teri Wishlow, CUPE President Roslyn Hazen, COPAC Treasurer Scott Sieben, COPVPA President

There was no representative from District Student Council.

The Central Okanagan Board of Education acknowledged that this meeting was being held the unceded, Traditional Territory of the Okanagan People.

AGENDA

February 21, 2024 Committee Agenda – amended to include request for feedback from the Committee members for the Multi-Year Plan, under Committee Members Queries/Comments.

REPORTS/MATTERS ARISING

Finance and Audit Committee Public Meeting Report - January 17, 2024

The Committee Chair suggested the following amendments to the January 17, 2024 Committee Report:

- Add additional detail under the 2023/2024 Amended Annual Budget Bylaw paragraph, regarding changes in expenditures;
- Add sentence under the 2024/2025 Budget Survey Questions DRAFT regarding the Welcome Centre supporting new families with language barriers.

The Committee received the report, as amended.

PRESENTATION

2024/2025 Preliminary Budget Presentation

The Secretary-Treasurer/CFO and the Assistant Secretary-Treasurer presented a PowerPoint on the 2024/2025 Annual Budget which included an overview of the District's overarching goal, strategic directions, staffing, student statistics, financial sources as well as assumptions and challenges that guide the preparation of the 2024/2025 Annual Budget Bylaw. This PowerPoint was shared at the February 5, 2024 COPAC Meeting and is also on the District's website.

The Secretary-Treasurer/CFO and the Assistant Secretary-Treasurer responded to questions from the Committee.

PUBLIC QUESTION/COMMENT PERIOD

No members of the public in attendance.

COMMITTEE MEMBERS QUERIES/COMMENTS

The Committee members did not yet have any feedback for the Multi-Year Plan.

The COTA President queried when submissions from Partner Groups should be submitted for consideration in the 2024/2025 budget. The Secretary-Treasurer/CFO requested all submissions by March 4, 2024.

DISCUSSION/ACTION ITEMS

Review of Transportation Fees for the 2024/2025 Fiscal Year

The Assistant Secretary-Treasurer provided the Committee with the rationale for increasing the transportation fee by \$50/year for each bus rider. The Ministry of Education and Child Care provides only \$600,000 to the District in transportation funding. As a result, approximately \$4M from the District's Operating Grant Fund is used to subsidize the Transportation budget each year. The increase of \$50 per rider will provide approximately \$350,000 in funding to cover two new bus routes expected to be added to the 2024/2025 Annual Budget due to growth in the District, and to help alleviate some of the continued escalated costs for fuel, diesel, parts, etc.

The Committee discussed concerns with raising transportation fees by \$50 for the 3rd year in a row during difficult economic times, and whether a decision could be delayed until Trustees had more information about priorities in the draft 2024/25 Annual Budget. Staff and Committee members pointed out that the proposed fees are still not more than a student public transit pass, that the District's Financial Hardship Policy is available to provide confidential assistance to families that need it, and that families need to know as soon as possible during registration about transportation fees in order to plan for next year.

The Secretary-Treasurer/CFO and Assistant Secretary-Treasurer also answered queries from Committee members regarding the \$600,000 provincial funding and indicated that it was unlikely to increase. The Committee suggested that the recommendation to the Board include the current cost of the annual transportation fees.

Outcome:

The Finance and Audit Committee recommended to the Board:

THAT: The Board of Education set the transportation fee <u>from \$400/year</u> to \$450/year for each bus rider for the period effective July 1, 2024 to June 30, 2025.

DISCUSSION/INFORMATION ITEMS

2024/2025 School Fees Summary

The Assistant Secretary-Treasurer stated that a summary of school fees is provided to the Committee annually. The fees are divided into four categories:

- Standard Fees (optional school supply, cultural, and student activity fees)
- Transportation Fees
- Academy Fees
- Goods and Services Fees

The Committee discussed Section 82 of the *School Act* and the differences between Standard Fees and Goods and Services Fees, Educational Resources and varying costs for Academies. The importance of the Financial Hardship Policy (section 8 under Policy 425-Regulations) was again discussed among the Committee members. The Committee may want to review the interpretation and implementation of "optional" school supply fees and "goods and services" fees to ensure alignment with the wording of *School Act* section 82 and the terminology in the *School Regulation*.

There are no recommended changes to the Standard Fees for the 2024/2025 school year.

COMMITTEE CORRESPONDENCE

None.

RECOMMENDATIONS/REFERRALS TO THE BOARD/COORDINATING COMMITTEE/OTHER COMMITTEES

Memorandum

Date: March 29, 2024

To: Finance and Audit Committee

From: Kate Cumming, Assistant Secretary-Treasurer

Action: Trustee Indemnity for the 2024/2025 Fiscal Year

1.0 RELEVANT BOARD MOTION/DIRECTION

Main 23P-055 (April 26, 2023 Public Board Meeting)

THAT: The Board of Education set the Trustee Indemnity, in accordance with the most recent BC Consumer Price Index of 7.0% for the period July 1, 2023 to June 30, 2024 thereby setting the stipend at: Trustee - \$24,051, Vice Chair - \$25,401, Chair - \$27,453.

2.0 BACKGROUND

Each school district is responsible for setting its own trustee indemnity rate. Per the 2023 BCSTA Survey results, most of districts use the BC Consumer Price Index to set trustee remuneration.

3.0 INFORMATION STATEMENT

In accordance with Board Policy 160 – Finance and Audit Committee, the proposed Trustee Indemnity for the 2024/2025 fiscal year has been calculated as follows:

Position	F23-24 Wage	CPI Factor	F24-25 Wage
Trustee	24,051	3.7%	24,941
Vice Chair	25,401	3.7%	26,341
Chair	27,453	3.7%	28,469

4.0 ASSISTANT SECRETARY-TREASURER COMMENTSNone.

5.0 STAFF RECOMMENDATION

THAT: The Finance and Audit Committee recommends to the Board:

THAT: The Board of Education set the Trustee Indemnity, in accordance with the most recent BC Consumer Price Index of 3.7% for the period July 1, 2024 to June 30, 2025 thereby setting the stipend at: Trustee - \$24,941, Vice Chair - \$26,341, Chair - \$28,469.

OVERVIEW

The recent Ministry of Education and Child Care Operating Grant announcement saw a 3.36% increase to the per pupil operating rates which will cover the negotiated increases for teachers, support staff, and provide a 2% increase for exempt staff. Also, the continued student growth will offset some of the ongoing budget pressures the District will face next year. However, the per pupil operating rate increase will not fully cover the District's inflationary costs or increased needs for next year and the District anticipates a net \$1.9M budget pressure for the 2024/2025 Annual Budget Bylaw.

The District plans to meet this anticipated \$1.9M budget pressure, and not have to reduce services in any significant way, by:

- Continue to efficiently staff schools while addressing growth, capacity challenges, classroom complexity and increased dysregulated students in schools and meeting the collective agreement.
- Address complexity in classrooms by requesting additional funding from the Classroom Enhancement Fund (CEF).
- Review effectiveness of discretionary budgets to ensure fiduciary responsibilities are met.
- Review local capital requirements, in particular, computer refresh program.
- Through collaboration and data analysis, focus on employee wellness in the hope that the District will see illness costs return to pre-pandemic levels.

Response to the Ministry of Education and Child Care Operating Grant Announcement

Although the District is pleased with an increase to this year's Operating Grant funding, resulting in the District's highest operating budget in its history; the increase did not address the full impact of inflation. As a result, the District will continue to efficiently staff schools while addressing growth, capacity challenges and inflationary costs. There continues to be areas of concern for the District:

- 1. Operating Grant funding did not address the escalated inflationary cost increases the District is expecting for next year.
- 2. Portable costs, to address enrolment increases and capacity restraints, continue to be funded by the District's Operating Grant funding. The District is currently at 108% capacity utilization District wide.

The District will continue to create safe learning environments for students and staff as society becomes more complex and will continue to add programs where there are clear gaps.

District Information

The District:

- resides on the unceded Traditional Territory of the Okanagan People.
- serves more than 235,000 citizens living in 4 municipalities Peachland, West Kelowna, Kelowna, Lake Country, and the Regional District of Central Okanagan.
- is the fifth largest district in the province and serves over 25,500 students.
- serves 50 schools/sites 32 elementary, 8 middle, 5 secondary, 1 alternative school, 3 learning centres and 1 online learning (K-12).
- has 7 Board of Education Trustees.
- continues to welcome an increased number of immigrant families and English Language Learners (ELL) into the Central Okanagan.
- continues to welcome international students and is proud that more Indigenous students are selfidentifying.
- Currently employes approximately 4,495 full and part-time staff.

Capital Update

The following capital projects are currently in progress:

- Construction of George Pringle Secondary School, a 1,200-student capacity school that is expected to open in September 2027.
- Expansion of École Dr. Knox Middle School, adding 300 additional student spaces, expected to be completed by the fall of 2024.
- Addition of a 5-classroom prefabricated modular (125 student seat expansion) to North Glenmore Elementary School with the intent to repurpose existing portables on that site to other school sites as needed. This modular is expected to be completed by the fall of 2024.
- Three childcare buildings are completed at Anne McClymont Elementary School, Black Mountain Elementary School and École Okanagan Mission Secondary. The District has partnered with the YMCA and BGC Okanagan to provide childcare services for 256 childcare spaces.
- Construction at the four remaining childcare buildings, located at Ellison Elementary School, École George Elliot Secondary School, École Hudson Road Elementary School, and North Glenmore Elementary School, are expected to be finalized this year and will provide 346 additional childcare spaces. The District plans to partner with the YMCA, BGC Okanagan and Clubhouse Childcare to provide childcare services.
- The construction of these seven childcare buildings is fully funded by the Ministry of Education and Child Care.
- At the request, and with the support of the Ministry of Education and Child Care, the District is undertaking conceptual planning to substantiate the requirement to construct a new school to support growing needs in the Glenmore/Kelowna North Area.

CENTRAL OKANAGAN PUBLIC SCHOOLS STRATEGIC PLAN 2021-2026

Central Okanagan Public Schools 2021-2026 Strategic Plan helps guide, along with the Budget Development Principles, the operational planning of the District budget. Budget requests are evaluated through the lens of the following four focused directions:

1. Equity and Excellence in Learning

We believe equity empowers each learner to thrive holistically. We also believe that each learner achieves excellence in learning when they have the confidence and competencies to pursue their passions and strengths.

2. Transformative Leadership

We believe in an ever-changing world, transformative leadership is a powerful catalyst for continuous improvement and growth that positively impacts our system, each school community, and ultimately each learner.

3. Family and Community Engagement

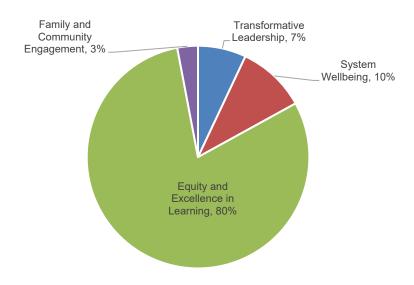

We honor the knowledge and experience that families and the community bring to our schools. By partnering together to improve student learning, opportunities for deep and meaningful engagement will emerge that supports, enriches, and nurtures each child in our care from cradle to career.

4. System Wellbeing

We believe in sustainable practices that provide support to each learner today without compromising or reducing the ability to support each of our learners in the future. Moving forward, in a culture of growth, innovation, engagement and wellness, ensures that we can adapt to changing environments while continuously supporting each of our learners.

Currently, the District Senior Team's Workplan is aligned with the above strategic directions. Moving forward, the District plans to move to a priority-based budget.

The following graph is not a comprehensive analysis; however, it does broadly illustrate how we currently allocate the District's budget to the four above strategic directions.

The District continues to implement the Ministry of Education and Child Care's New BC Education Plan. The Plan is transforming education in the province so that learning is more personalized and focuses on the development of core and curricular competencies. The transformation of our system to meet the intentions of the Plan require that we use pedagogy that is learner centered and provides student agency, encourages innovation, embeds the First Peoples Principles of Learning throughout the curriculum, and is inclusive by design. This transformation requires educators to collaborate, possess growth mindsets and develop adaptive expertise. The budget needs to continue to support this work.

Each year, there are more priorities and programs that are expected to be delivered by school districts including childcare, increased food programs, fee relief for families, the BC Anti-Racism Strategy, Accessibility Act, Truth & Reconciliation, and the Tri-Partite Agreement with First Nations that will change how the District does business and may have a budget implication in the future.

District student learning results demonstrate that previous budget decisions have resulted in investments that support student learning. The District has demonstrated student achievement above provincial and national averages and has a Ministry of Education and Child Care reported six-year graduation rate for BC residents of 96% and an Indigenous six-year graduation rate of 81%, both of which are above the provincial average. Most importantly, the trajectory of achievement results for the District has continued to improve over the past 10 years.

To achieve these results, the District offers early learning programs, focusses on foundational skill development and the development of the Attributes of a Learner as described in the District's Overarching Goal by offering students diverse programs of interest. The District strives to support learner readiness through collaboration with several independent providers such as preschools, StrongStart BC, Ready Set Learn, Hope for the Nations, Land Based Learning programs, middle school intervention services and other non-profit organizations. These organizations offer early learning initiatives, breakfast, lunch and after school programs. In addition, the District provides a variety of choices through board authority courses, specialty academies, apprenticeship programs, trades courses, computer and software development courses and French Immersion. As well, the District partners with Okanagan College, British Columbia Institute of Technology, University of British Columbia Okanagan, Vancouver Film School, many local businesses, and other community organizations to provide dual credit, work study, leadership, and transition opportunities to our students. The District should continue to invest in these programs.

BUDGET DEVELOPMENT PROCESS

Each year, in accordance with the *School Act*, the District is responsible for creating a budget plan for the upcoming school year. This plan is the culmination of a process involving presentations, input gathering sessions, discussions, and feedback. The goal is to develop a Proposal that balances the funding that is available with the expenses that are required to provide a quality educational experience for all students.

In addition to the Central Okanagan Public Schools Strategic Plan and the District's Vision, Purpose and Cultural Values, the District will also consider the District's Overarching Goal, using both the District Budget Development Principles and guided school-based budget decisions model expanded below.

DISTRICT BUDGET DEVELOPMENT PRINCIPLES

- · students come first.
- every budget allocation will be aligned to meet the District's Vision, Purpose, Cultural Values and Overarching Goal.
- · consideration must also be given to the individual school goals.
- the District will obtain the most effective results for the dollars spent.
- the Board must meet legal requirements; therefore, the budget will be balanced, and all statutory requirements will be met.

GUIDED SCHOOL-BASED BUDGET DECISION MODEL

- Decisions are made considering:
 - school plans and District goals.
 - discussions with School Administration, Assistant Superintendents, Human Resources, Senior Management and Finance.
 - consultation with partners, parents, and students.
 - alignment to the school's plan and their ability to achieve the plan remain a priority.

Throughout the budget process, the following opportunities for input were provided:

Date	Description
February 2024	Public presentation to provide information on the 2024/2025 Annual Budget. Presentation to COPAC, Principals, Vice-Principals, COSBO (Exempt) Staff
February 21, 2024	Public Finance and Audit Committee Meeting (partner group input invited)
March 14, 2024	Ministry of Education and Child Care District Funding Announcement
April 3, 2024	Public Finance and Audit Committee Meeting (Information) • Central Okanagan Public Schools Superintendent of Schools/CEO 2024/2025 Budget Proposal Report
April 17, 2024	Public Finance and Audit Committee Meeting (Action) • Central Okanagan Public Schools Superintendent of Schools/CEO 2024/2025 Budget Proposal Report
April 24, 2024	Public Board Meeting • 2024-2025 Annual Budget set
June 19, 2024	Public Finance and Audit Committee Meeting (Action) • 2024/2025 Annual Budget review
June 26, 2024	Public Board Meeting • 2024/2025 Annual Budget approval
June 30, 2024	2024/2025 Annual Budget due to the Ministry of Education and Child Care

The Board of Education will engage in deliberations regarding the Superintendent of Schools/CEO 2024/2025 Budget Proposal Report at the April 3, 2024, Public Finance and Audit Committee Meeting and, after consultation, the final Superintendent of Schools/CEO 2024/2025 Budget Proposal Report will be presented at the April 17, 2024 Public Finance and Audit Committee Meeting. The Board of Education will plan to complete this process at the April 24, 2024, Public Board Meeting. Final adjustments may be made up to June 19, 2024.

This Budget Proposal was developed with submissions from our District and school-based leadership teams, as well as partner groups, with a focus on making the most educationally sound decisions given the multitude of factors including:

- student classroom and composition guidelines.
- district non-enrolling ratio requirements.
- teacher qualifications available.
- space restrictions.
- student demographics and access to neighborhood schools.
- · student course load requests.

These submissions include input through an online survey, discussions at committee meetings and other formal administrative and partnership meetings with:

- Trustees
- Senior staff (Admin Council)
- Principals and Vice-Principals (COPVPA)
- Central Okanagan School Business Officials (COSBO) exempt staff
- The Indigenous Education Council
- The Canadian Union of Public Employees Local 3523 (CUPE)
- The Central Okanagan Parent Advisory Council (COPAC)
- The Central Okanagan Teachers' Association (COTA)
- Parents and the community

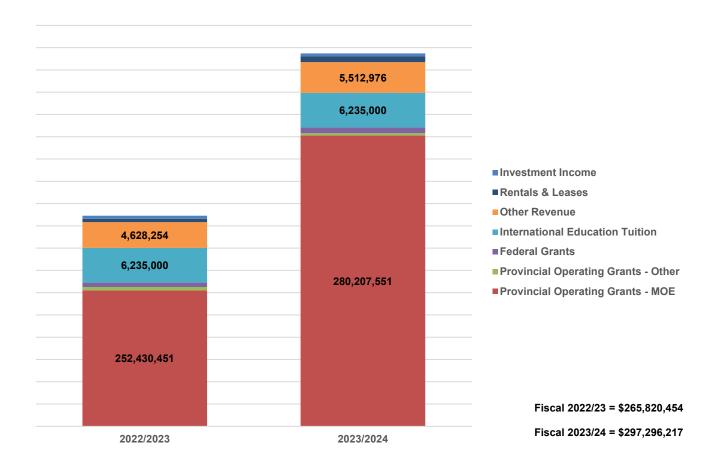

This Central Okanagan Public Schools Superintendent of Schools/CEO 2024/2025 Budget Proposal Report considers each of the following areas:

- I. Base Operating Budget Revenues and Expenses and Other Significant Changes
- II. Key Assumptions for the 2024/2025 School Year
- III. Additional Budget Requests (where possible)

I. BASE OPERATING BUDGET REVENUES AND EXPENSES

The foundation of all budget development begins with the District Base Operating Budget. This represents the revenue and expenses of the District as they currently exist to deliver the programs and services the District provides.

Base Operating Budget Revenues (2022/2023 vs 2023/2024 Amended Annual Budget)

Most of the operating revenue for the District (95%) is derived from the Ministry of Education and Child Care's Operating Grant. The province establishes this grant annually for public education using a funding allocation system that is intended to ensure equity across all Districts in British Columbia. The allocation system is based primarily on enrolment with further allocations based on unique demographic or District characteristics. Since enrolment is the primary driver in the formula, all budget planning begins with a projected enrolment figure for the next school year.

Other sources of revenue include other provincial grants, locally generated revenue (tuition payments, fees, and rentals), and surplus carry forwards from the previous year, as well as designated funds for capital or school-based activities. Central Okanagan Public Schools has focused on increasing locally generated revenue over the last several years through the International Education Program, providing fee for service in the Health and Safety Program and WorkSafeBC claims management, as well as recovering costs through the charging of rentals for facilities, and a transportation fee.

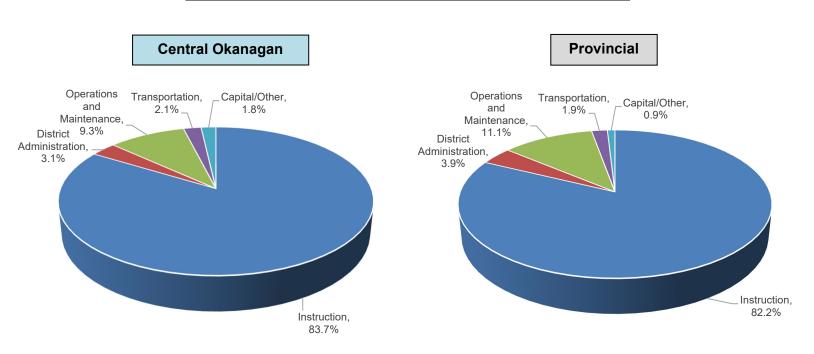

Base Operating Budget Expenses (2023/2024 Budget)

Boards of Education manage and distribute their operating funding allocation based on local spending priorities. In addition, the province provides capital costs and funding for specialty programs through supplemental and special purpose grants.

All allocations are then identified and categorized into six major **program** areas. These include Instruction, District Administration, Operations and Maintenance, Transportation, Local Capital, and Capital Fund.

- Instruction includes all allocations to schools as well as District instructional services offered to provide educational opportunities within the District. Instructional programs are categorized as General Instruction, Career Life Programs, Library Services, Counselling, Social Emotional, Inclusive Education, English Language Learning, Indigenous Education, School-Based Administration, and International programs.
- **District Administration** includes Educational Administration, Business and Human Resources Services, and Board Operations (Governance).
- Operations and Maintenance relates to the services required to operate and maintain all District facilities.
- **Transportation** includes the transportation of students to and from school.
- **Local Capital** (included in Capital/Other) includes the provision of funding to support the Technology Refresh program as well as allocations to maintain and replace capital equipment items such as vehicles, computers, tables, chairs, etc.
- Capital Fund includes amortization of tangible capital assets and any value write down of buildings and sites.

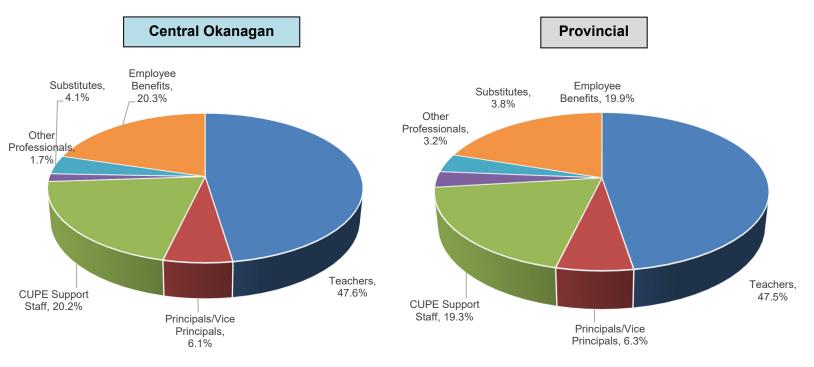

2023/2024 District's Budget by Program Compared to Provincial

When compared to the provincial average, Central Okanagan Public Schools dedicates more to instruction and capital and less to administration and operations. It also dedicates a larger percentage of its budget to capital replacement programs, which fund technology, portable costs, and equipment replacement. Technology replacement is coordinated through the District's Technology Refresh program, which replaces District technology on a four-year cycle.

An alternate representation of the expenses is by **object** including multiple employee groups, employee benefits, services & supplies, capital/other (which includes Local Capital and the Capital Fund).

2023/2024 District's Budget by Object Compared to Provincial

Most of the spending in these categories (88%) is dedicated to salaries and benefits. Staff salaries are primarily the result of negotiations between the province and the professional associations/unions, representing the various employee groups. When compared to the provincial average, the District is spending comparable on teachers, less on principals and vice-principals and other professionals, and more on CUPE support staff.

II. OTHER SIGNIFICANT CHANGES

Framework for Enhancing Student Learning

The Enhancing Student Learning Policy requires boards of education to set, create and maintain a Strategic Plan, annually report on student outcomes, and put systems in place to continuously improve the educational outcomes for all students and improve equity for Indigenous students, children and youth in care, and students with disabilities or diverse abilities.

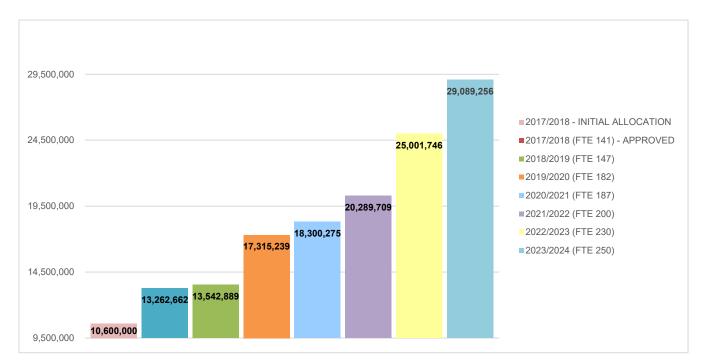

The Board of Education is expected to use the District's Strategic Plan to align all District annual operational plans, including but not limited to, the financial plans (budget) and human resources, with the educational objectives from the Strategic Plan. In accordance with the Enhancing Student Learning Policy, the Superintendent of Schools/CEO 2024/2025 Budget Proposal Report demonstrates a priority-focused budgeting process that is aligned with the goals and strategic directions outlined in the Central Okanagan Public School's Strategic Plan 2021 – 2026.

Classroom Enhancement Fund (CEF)

The final piece in the development of the 2024/2025 budget includes the ongoing implementation of the MoA:LoU#17, which resolved the matters arising from the implementation of the Supreme Court of Canada decision from the fall of 2016. This decision restored pre 2001 Teacher Collective Agreement language with respect to class size and composition.

The negotiated Classroom Enhancement Fund was established to implement MoA:LoU#17 and must be used to provide educationally sound classroom organization as well as meet the required District non-enrolling ratios as outlined in our local Teacher Collective Agreement. Costs to the fund will include teacher costs as well as ancillary costs related to professional development and resources.

In 2016, the Ministry of Education and Child Care's initial assessment of our District's CEF needs was \$10.6 million. Due to our unique Collective Agreement language and the needs of the students in our District, senior staff successfully worked with the Ministry of Education and Child Care and demonstrated the need to increase our 2017/2018 CEF funding to \$13.3 million and the District added 141 FTE enrolling and non-enrolling teachers. The following graph illustrates the District's CEF funding and the enrolling and non-enrolling teacher FTE over the last several years.

The District will continue to maximize the Classroom Enhancement Fund to add enrolling and non-enrolling teaching support to schools to address classroom complexity (both composition & class size) and the District's capacity challenges (currently 108% District wide capacity).

Indigenous Education Targeted Funding (Bill 40)

In the Fall of 2023, the School Act was amended to include Bill 40. This legislation was created through engagement with Indigenous Peoples (First Nations, Inuit, and Metis) throughout the province. The amendment of the School Act will fulfill commitments in the Declaration Act Action Plan and the BC Tripartite Education Agreement (BCTEA). The changes, in legislation, are intended to support better educational outcomes for First Nations and Indigenous students attending provincial public schools. Bill 40 is also intended to foster more effective relationships between Boards of Education and local First Nations while providing Indigenous peoples with new authority.

Changes to the School Act will require all Boards to establish an Indigenous Education Council (IEC) in their school district to ensure Indigenous people have input into decisions affecting Indigenous students. The membership and function of IECs will recognize and reflect the local First Nations in whose territories the Board operates. IECs will support Boards in the provision of ongoing, comprehensive, and equitable education and support services for Indigenous students, including providing Indigenous perspectives for the benefit of all students, and advice on and approving the Board's spending plans and reports in relation to Indigenous Education targeted funds. Central Okanagan Public Schools' Indigenous Education Council has been functioning, effectively, since 2003. With new authority being provided to Indigenous Education Councils, the IEC has recently revised the Terms of Reference (to be implemented in September 2024) to ensure local Rights Holders, from Westbank First Nation and Okanagan Indian Band, hold the majority of votes as the Bands maintain a higher level of authority and accountability.

Boards of Education set catchment areas for all schools in their Districts. First Nations were not considered when school districts were created or when catchment areas were designated. As such, the new Bill 40 legislation includes a school-of-choice provision which will enable First Nations to decide which school First Nations students, who live on reserve, self-governing or Treaty Lands, will attend. Westbank First Nation and Okanagan Indian Band are currently consulting with their communities to determine their Band's school of choice for elementary, middle and secondary students who are Band members. If a First Nation parent/caregiver wishes to have their child enrolled at a different school or program than the Band's school of choice, the existing enrolment provisions apply.

The above changes are effective July 1, 2024, resulting in changes to the Board of Education's and Indigenous Education Council's roles of authority. For the 2024/2025 school year, the Indigenous Education Council will consult with the Board of Education and District staff and will assume full authority for approving the annual Indigenous Education-Targeted Budget. Furthermore, the province has provided \$5.7M of funding to districts to support an IEC. This is targeted funding, and the IEC will decide how to spend the funds. Examples of expenses include mileage for IEC members to attend meetings and professional development for IEC members. The District's proportionate share is \$69,231.

Feeding Futures Fund

In April 2023, the Ministry of Education and Child Care announced new funding of \$214 million over three years for school districts to create or expand local food programs in schools throughout BC. The funds are to be used for purchasing food and hiring dedicated staff to co-ordinate providing meals and snacks to students. The District's proportionate share is \$2.8 million for the 2024/2025 school year. The expectation is that this funding is fully spent by June 30th of each year.

After community, school and District staff consultation, a budget was presented that ensures that the well-established food programs already in place across the District are maintained, as well as provide schools with flexibility to partner with community, staff, students and parents to build and expand food programs that make sense within their local contexts.

In addition to the operational funding mentioned above, the District also received \$150,000 of capital funding to upgrade existing kitchen facilities and equipment to support feeding students in schools.

Student and Family Affordability Fund

In August 2022, the Province of BC announced one-time funding of \$60 million to school districts to help expand school meal programs, provide school supplies, and cover any additional fees so that students in need can take part in activities. The District received \$2,396,709 as their proportionate share for the 2022/2023 school year.

On March 6, 2024, the Province of BC announced an additional \$20 million to school districts to continue to help schools provide support directly to families within their school communities. Funding will be used to help pay for student necessities, such as school supplies, school fees and class trips, as well as additional costs associated with joining a school sports team or music program. The District's proportionate share is \$826,000 and will be received before the end of the school year.

III. KEY ASSUMPTIONS FOR THE 2024/2025 SCHOOL YEAR

Inherent in this approach is the assumption that the base from which the budget is built appropriately allocates resources to the schools and departments to achieve their goals. The budget is not re-built from a 'zero base' each year as much of the District's costs are fixed and educational programs are complex and affect multiple schools and/or departments. An analysis of this magnitude would be unlikely to highlight potential reductions that are not already obvious. The Budget Development Process also requires an extremely tight timeline as Ministry of Education and Child Care funding announcements are made approximately six weeks prior to the District's deadline for establishing staffing levels.

Rather than completing a 'line-by-line' budget analysis each year, the District performs several processes on an ongoing basis to ensure that the base allocations are appropriate. These include:

- Review achievement relative to the goals.
- Review historical spending in the allocated budget areas to ensure budgets are adequate but not excessive.
- Provide schools with discretionary funds which they use through collaborative and guided discussions to support their school goals and to support decisions regarding educational staffing levels as well as resource allocation.
- Compare spending to comparative sized districts as well as to provincial averages.
- Complete program reviews on a cyclical basis to ensure programs, structures and strategies continue to meet the needs of the District.

The following items represent the significant operational adjustments required for the 2024/2025 fiscal year:

- Increased teaching staff resulting from anticipated student growth.
- Additional teaching and support staff to support students with diverse abilities.
- Expected incremental grid increases for teaching staff.
- Increased benefit premium, EI, WCB rates plus overall increased benefit costs.
- Additional bus route to support expected rider growth.
- Anticipated salary adjustments for exempt management staff.
- Staff and capital costs to support an educational smart display refresh program (smartboard, projector, TV).
- Increased utility costs due to inflation.

Additional adjustments are made to balance the 2024/2025 Annual Budget.

A summary of the 2024/2025 Estimated Operating Grants incorporating these increases and Ministry of Education and Child Care per pupil adjustments is included in "**Appendix B**".

Enrolment Assumptions Include:

- Increase in BC resident FTE of 400 to 24,811 FTE. See "Appendix C" for details.
- Increase in Inclusive Education students (both Ministry of Education and Child Care and District funded).
- Increase in English Language Learners, including newcomer refugee families.

OVERVIEW OF THE PROJECTED 2024/2025 BUDGET

An overview of the projected 2024/2025 budget is illustrated here and begins with the 2023/2024 Amended Budget

From the 2023/2024 Amended Budget, carryforward balances are removed and adjustments for growth and other required changes for the 2024/2025 year are added.

The 3.36% per pupil increase in funding covers the negotiated 2% increases for teachers, support staff and exempt staff. On March 22, 2024, the Ministry of Finance announced they will fund the 1% cost of living allowance (COLA) for exempt staff with more information to come. A decision on whether funding is available to districts to cover a 3% increase for principals and vice-principals is expected in late April 2024.

On March 19, 2024, the Ministry of Finance announced they will fund the 1% cost of living allowance (COLA) for teachers and support staff with more information to come. A decision on exempt staff, principals and vice-principals is expected in late April 2024.

Funding adjustments made to the Operating Grant are sufficient to cover costs related to increasing enrolments, however they were not sufficient to cover escalating inflationary costs. Significant costs incurred that are not funded through the Operating Grant include increases to EI, WCB, benefit premium rates and overall benefit rate increases. These unfunded costs are covered through enrolment growth and other efficiencies or cost reduction. Once all costs are covered, the budget is balanced.

IV. SIGNIFICANT BUDGET ADJUSTMENTS FOR THE 2024/2025 SCHOOL YEAR

The following outlines the specific details of the additional budget adjustments that are included in the 2024/2025 budget. Adjustments have been categorized by the associated employee group.

Central Okanagan Teachers' Association (COTA)

1) With the projected growth in the 2024/2025 school year, the District anticipates adding the following teacher FTE to the 2024/2025 budget. The Low column represents a 300 FTE student enrolment growth while the High column represents a 400 FTE student enrolment growth. The 2024/2205 Annual Budget has been built on a 400 FTE student enrolment growth. The District anticipates absorbing some teacher FTE into the existing school organizational charts.

Description	Low	High
Enrolment Growth	12.0000	16.0000
Growth & Required Change	12.0000	16.0000

Strategic Direction - Equity and Excellence in Learning

Current Budget (2023/2024) - \$184,770,606 (COTA wages & benefit costs only)
Growth & Required Change - 16.0000 FTE (\$2,027,204 wages, benefits & resources)

2) Central Okanagan has been identified by Immigration, Refugees & Citizenship Canada as a destination hub for newcomers, and as such the District continues to experience an increase in the number of families arriving from all over the world. This immigration trend has resulted in a yearly increase of English Language Learners (ELL) students in schools and continues to require additional ELL teaching staff to support our newest learners.

Strategic Direction – Equity and Excellence in Learning
Current Budget (2023/2024) - \$3,601,177 (ELL teacher wages & benefits only)
Growth & Required Change - 4.5000 FTE (\$839,414 wages, benefits & resources)

3) The District has initiated a wellness program to better understand the wellness of its employees and will begin this process with an independent survey of staff. The District also continues to closely analyze current and historical employee illness and replacement cost patterns. In the current year, for example, teacher illness and replacement costs are trending slightly lower than the 2023/2024 Amended Budget. As a result, the District has reduced the teacher illness and replacement costs budget for the 2024/2025 school year.

Description	2024-2025	2023-2024	Change
Illness	10,061,298	11,406,529	(1,345,231)
Illness Change	\$10,061,298	\$11,406,529	(\$1,345,231)

Strategic Direction – System Wellness

Current Budget (2023/2024) - \$11,406,529 (COTA illness & replacement costs only) Required Change - (-\$1,345,231) (COTA illness & replacement costs only)

Canadian Union of Public Employees CUPE Local 3523

1) With the anticipated student growth across the Central Okanagan, (i.e., students with unique needs, additional bus routes, adjustments to custodial and operational programs etc.), the District anticipates a net change of approximately 7.4864 CUPE FTE to the 2024/2025 Annual Budget:

Description	Growth
Advocates	(3.6739)
CEA	7.9953
Clerical	(1.5350)
Operations	4.7000
Total FTE	7.4864

Advocates	(240,766)
CEA	552,335
Clerical	(128,068)
Operations	370,786
Total FTE	\$554,288

Strategic Direction – Equity and Excellence in Learning
Current Budget (2023/2024) - \$69,576,615 (CUPE wages & benefit costs only)
Recommended Increase - 7.4864 FTE (\$554,288 wages & benefit costs only)

Central Okanagan School Board Officials

2) Employee wellness plays a vital role in our District and further resources are required to develop a strategy to support wellness in our District. With the recruitment of a wellness support position, this individual will encourage employee engagement in wellness initiatives, data accuracy, efficiency, resource allocation, collective agreement application, and budgetary accountability.

Strategic Direction – System Wellbeing
Current Budget (2023/2024) - \$0
Recommended Increase - 1.000 FTE (\$124,000 wages & benefit costs only)

3) The District continues to see considerable increases in the number of students with diverse and complex learning needs. To respond to the learning needs of all students, administrators and teachers continue to request additional support to address the increasing diversity, complexity, and social emotional learning needs of students. To address complexity and diversity in schools, the District has created new school-based Inclusive teacher positions that will amalgamate the elementary resource and social emotional teaching positions to better meet the needs of our students with complex learning needs and to provide more support in schools. This additional 20 FTE aligns with the significant feedback and consultation with stakeholders and departments as well as the 2024/2025 Public Budget Survey results where the District engaged feedback from families, staff, students, community members and partner groups.

Strategic Direction - Equity and Excellence in Learning

Current Budget (2023/2024) - \$1,872,480 (Social Emotional Learning teacher wages & benefits only)

Growth & Required Change - 20.0000 FTE (\$2,529,955 wages, benefits & resources)

4) During the COVID-19 pandemic, the federal and provincial governments provided one-time additional funding to school districts to provide online remote educational services and other COVID-19 safety related protocols. Some of these funds were allocated to pay for the cost of additional teachers and support staff to provide the temporary K-5 program and the expansion of educational programming to students enrolled in the grade 6-9 middle school and grade 10-12 programs.

Since the end of the pandemic, and the discontinuation of the federal and provincial funding, and with an 80% decline in student enrollment over the past several years, the eSchool23 temporary K-5 program does not generate enough funding to pay for teachers and support staff to deliver the service. This creates an ongoing, unsustainable cost pressure on District budgets as the cost of staffing must be subsidized to operate the temporary K-5 program. As a result, eSchool23 teaching staff will transition to pre-COVID19 operations.

Strategic Direction – Equity and Excellence in Learning
Current Budget (2023/2024) - \$2,448,329 (teacher wages & benefits only)
Required Change - (-2.0000 FTE) (-\$252,996 wages, benefits & resources)

V. BUDGET REQUESTS FOR THE 2024/2025 SCHOOL YEAR

The following outlines the specific details of the additional budget requests that were made, along with a Proposal from the Superintendent of Schools/CEO. Requests have been categorized by the associated employee group.

Central Okanagan Teachers' Association (COTA)

1. COTA Budget Request

The District received a request from Central Okanagan Teachers' Association (COTA). A summary of items requested are below:

i. Increasing the existing professional development budget.

Description	2024-2025	2023-2024	Change
Inquiry Project	40,000	35,000	5,000
TTOC Fund	7,500	7,500	0
LSA Fund	30,000	25,000	5,000
Social Justice Grant	15,000	15,000	0
Total Professional Development	\$92,500	\$82,500	\$10,000

Rationale

The District continues to support expanded professional development opportunities that are coordinated through COTA. However, due to the current budget pressure the District is facing for the 2024/2025 Annual Budget, only the \$82,500 will be honored.

Effective July 1, 2024, per the negotiated collective agreement, the District is to increase the per teacher FTE professional development funding by not less than one fifth of one percent of the category 6 maximum step. This will increase the per FTE professional development amount from \$195/FTE to \$219/FTE.

Proposal

Strategic Direction – Transformative Leadership Current Budget (2023/2024) - \$82,500 (resources) Recommended Change - None

Canadian Union of Public Employees Local 3523 (CUPE)

2) CUPE Staffing Budget Request

The District received a request from CUPE Local 3523. A summary of items requested are below:

- i. Daytime custodial staff at all school sites to maintain cleanliness and health and safety of all staff and students.
- ii. Increase staffing levels in the Operations Department to address workload.
- iii. Increase hours for Certified Education Assistants (CEA) to allow for consultation with school teams to better support students.
- iv. Increase clerical hours and positions to reduce overtime and aid in the retention of relief staff.
- v. All daycare services offered on District property should be staffed by District staff.
- vi. Expand the Seamless Day childcare program to other school sites to engage the early learning opportunities for students.
- vii. Coordinated training program for all staff.

Response

- The District currently employs 18 FTE daytime custodians supporting 36 school sites. The other school sites are supported by 11 FTE head custodians during the day. As well, as school sites open, additional custodial staff are added to the budget.
- ii. In the 2024/2025 Annual Budget, to help address workload, growth and operational changes, 2 FTE bus drivers will be added due to growth, 1.7 FTE custodial will be added to better support gym refinishing across the District, .5 FTE technician and .5 FTE carpenter will be added to support an educational smart display refresh program (smartboard, projector, TV).
- iii. Many professional development opportunities are provided to CUPE staffing including:
 - a. Providing funding for an additional full-time union executive position in the hopes that this will allow the executive more flexibility and time to coordinate a structure, like other union executives, to organize professional development for its own members.
 - b. Organizing two professional development opportunities for CUPE staff to attend, one day in the fall and one day in the spring.
 - c. \$100,000 is set aside each year in the budget to support the CUPE Inservice and Professional Development Fund.
 - d. Any unspent Service Improvement Allocation Fund (SIA), per Article 38 of the Collective Agreement is included in the budget to support professional development opportunities. As at June 30, 2023, \$229,663 was unspent and appropriated.
 - e. The District and CUPE will jointly apply for professional training funds through the Support Staff Education Committee (SSEC) to support additional CEA training in the current school year. Currently there is up to \$101,289 of funding available.
 - f. Each department also sets aside a budget to support professional development opportunities for CUPE staff.

Proposal

Strategic Direction – System Wellness

Current Budget (2023/2024) - \$69,576,615 (CUPE wages & benefit costs only) Recommended Increase - 4.7000 FTE (\$370,786 wages and benefits costs only) The District's position is that the following items would need to be part of the bargaining process and any changes would impact on the current collective agreement. As well, the childcare items would negatively affect current service agreements with community partners and would require additional District staff to manage. Currently the demand for the expansion of the Seamless Day program has not been demonstrated by the public.

- Increase CEA hours of work by 3/4 hour a week across the District.
- Increase hours for clerical staff to reduce overtime hours and aid in retention of relief staff.
- Childcare services offered on District property should be staffed by District employees.
- Expansion of the Seamless Day Pilot program into other school sites.

School Staff Survey Results

3) School Staff Budget Request

The District received a request from the Central Okanagan Principals' & Vice-Principals' Association (COPVPA). COPVPA requests funding to support vice-principal networking and mentorship.

4) School Staff Budget Request

The District received a list of requests from school principals and vice-principals. A summary of the items requested are below:

- Additional teaching staff (classroom support, counselling, learning assistance, literacy, and social emotional support).
- Increase classroom CEA and clerical support.
- Various services and supplies including additional mental health support.
- Various capital items including gender neutral washrooms and facility improvements.

Response

As outlined above, the District is responding to the learning needs of all students and the advocacy for additional support to address the increasing diversity, complexity, and social emotional learning needs of students. In the 2024/2025 Annual Budget, 20 FTE Inclusive teaching staff (newly created school based Inclusive teacher positions) will help meet the needs of our students with complex learning needs and to provide more support in schools.

Strategic Direction – Equity and Excellence in Learning

Current Budget (2023/2024) - \$293,586,217 (Total Operating Budget only)
Budget Request (2024/2025) - \$5,626,841 (wages, benefits, resources & capital)
Recommended Increase - 20.0000 FTE (\$2,529,955 wages, benefits & resources)

District Senior Staff

5) District Senior Staff Budget Request

The District received a list of requests from District senior staff which included additional administrative, teaching and CUPE staff and various services, supplies and capital.

Response

Given the budget pressure the District is facing in the 2024/2025 Annual Budget, the District is unable to support requests from District Senior Staff at this time.

One request that was received was to support a District Principal – Transitions position. This position could provide the following impacts:

- Increase dual credit offerings, especially training for in-demand occupations.
- Increase dual credit participation, including Indigenous students, students with diverse abilities or disabilities, and first-generations students (who have no immediate family members with post-secondary experience).
- Increase high school graduation rates.
- Increase student transition rates to post-secondary education.
- Increase student transition rates to employment in in-demand occupations.

The Organization for Economic Cooperation and Development (OECD 2021) reports that students who were exposed to career guidance had better outcomes in terms of wages, NEET (not in education, employment, or training) rates and job, career or life satisfaction.

The District continues to offer more programming with University of British Columbia Okanagan and Okanagan College and requires coordination support.

The District is working to secure funding to fully support this position through a variety of special purpose funds and special dual credit grants and will know more by the end of April 2024 if funding is approved.

Strategic Direction – Equity and Excellence in Learning and System Wellness Current Budget (2023/2024) - \$293,586,217 (Total Operating Budget only) Budget Request (2024/2025) - \$1,385,038 (wages, benefits, resources & capital) Recommended Change - If funding becomes available for District Principal - Transitions, recommend support.

VI. COMMUNITY BUDGET SURVEY ANALYSIS AND RESPONSES

Based on the 2024/2025 Budget survey responses, the following outlines the more significant themes.

Theme #1 - Classroom Support for Diversity & Inclusivity

The need for more support in classrooms for all learners, including the hiring of more Certified Education Assistants (CEAs), Social Emotional teachers and other alternate teaching support, is vital for the increasingly diverse student population.

Response #1

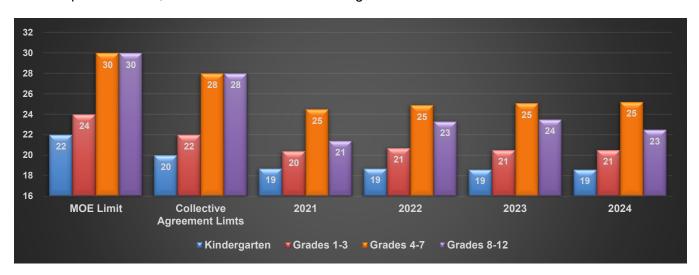

The District is responding to the learning needs of all students and the advocacy for additional support to address the increasing diversity, complexity, and social emotional learning needs of students. In the 2024/2025 Annual Budget, 20 FTE Inclusive teaching staff (newly created school-based Inclusive teacher positions) will help meet the needs of our students with complex learning needs and to provide more support in schools.

Theme #2 - Class Size

Class size was identified as a concern in the budget survey responses. Overcrowded classrooms and not enough staff support is affecting overall student learning.

Response #2

The graph below illustrates the District's class size averages by grade category, for the last four (4) years and compares those averages to the COTA collective agreement and Ministry of Education and Child Care limits. There are some exceptions to the limits below, for example, multi graded classes would see a lower class size limit (grade 3/4 limit is 23) or some secondary courses, i.e. technology education or foods classes, would have class size limits of 24. Since the Supreme Court decision to restore class size and composition limits, the District's class size averages remain lower than the established limits.

Theme #3 - Certified Education Assistants (CEAs)

A theme from the budget survey responses was to focus more funding on hiring more CEAs and increasing the hours and pay of CEAs.

Response #3

The District strongly values the CEAs that work so diligently to support our most complex learners. Since the 2020/2021 school year, 135 full time CEAs (31% increase) were hired into the District.

With respect to increasing hours and pay for CEAs, it is the District's position that these items would need to be part of the bargaining process and any changes would impact the current collective agreement.

Theme #4 - Facility Improvements

The need for more schools, more classrooms and upgrades/replacement of existing facilities was identified through the budget survey responses.

Response #4

New & Existing Buildings - As a growing District, Central Okanagan Public Schools continues to experience significant capacity constraints (current capacity is 108%). Also, there are 124 portables in circulation across the District providing education space for students and the costs of portables are not funded by the Ministry of Education and Child Care.

With continued growth, the District continues to advocate to the Ministry of Education and Child Care for funding to construct new schools or renovate existing sites. The District's capital priorities are outlined in the 5 Year Capital Plan that is submitted to the government each year. The District does not have control over when funding for capital projects will be announced.

Building Maintenance – The Annual Facility Grant (AFG) is funding received from the Ministry of Education and Child Care to maintain the District's facilities. The funding has stayed relatively constant (\$4.9 million/year) and as a result, the District's deferred maintenance costs continue to grow and the District has limited resources to maintain facilities.

Between June 2022 and today, just over 15 FTE CUPE staff have been added to the budget to support the Operations Department. These FTE include maintenance, bus drivers and custodial staff to support growth, child care facilities and general operational maintenance.

Theme #5 - Mental Health Support

Additional mental health support in schools was a theme illustrated throughout the budget survey responses.

Response #5

The District must maintain a total teaching counselling ratio each year per the COTA collective agreement. Each year, through the staffing process, the District exceeds this ratio. Over the years, the District continues to distribute counselling positions throughout elementary, middle and secondary schools.

Also, the District provides mental health support at all school levels (elementary, middle and secondary). In the current year, the District has spent \$1.6M on ARC mental health clinicians.

Theme #6 - More Extra-Curricular

Within the budget survey responses, there was a strong focus on providing more extra-curricular activities for students.

Response #6

Extra-curricular activities are a volunteer activity and service. The District does provide many opportunities for extra-curricular activities and students are performing very well provincially utilizing both teacher & community coaches.

The District supports both co-curricular and extra-curricular activities; visual and performing arts, music programs and athletic activities.

VII. CONCLUSION

In conclusion, although the Ministry of Education and Child Care Operating Grant announcement saw a 3.36% increase to the per pupil operating rates, this increase will not fully cover the District's inflationary costs or increased needs for next year. As a result, the District anticipates a net \$1.9M budget pressure for the 2024/2025 Annual Budget Bylaw. To meet this anticipated \$1.9M budget pressure and balance the 2024/2025 Annual Budget Bylaw without any significant reduction to services, the District will:

- Continue to efficiently staff schools while addressing growth, capacity challenges, classroom complexity and increased dysregulated students in schools and meeting the collective agreement.
 - More specifically and as outlined above, the District will respond to the learning needs of students and the advocacy for additional support to address the increasing diversity, complexity, and social emotional learning needs of students by adjusting service models and adding 20 FTE Inclusive teaching staff (newly created school based Inclusive teacher positions) to the 2024/2025 Annual Budget to help meet the needs of our students with complex learning needs and to provide more support in schools.
- Address complexity in classrooms by requesting additional funding from the Classroom Enhancement Fund (CEF).
 - The staffing meetings scheduled for early April 2024 with school administration will provide the District with a better sense of the expected September 2024 staffing needs and complexity in classrooms. This knowledge will help support the District's request for additional CEF funding.
- Review effectiveness of discretionary budgets to ensure fiduciary responsibilities are met.
- Review local capital requirements, in particular, computer refresh program.
- Through collaboration and data analysis, focus on employee wellness in the hope that the District will see illness costs return to pre-pandemic levels.

The District has a history of prudent financial planning and stable financial health. This stable financial health can be contributed to sound financial management, planning and governance. As we forecast for the 2024/2025 Annual Budget Bylaw, we expect the District budget development principles, the fiscal oversight of the Board of Education and the conservative forecasting of operating budgets to continue.

APPENDIX A

2024/2025 Budget Adjustments and Recommended Request Summary

The following summary outlines the changes to staffing and resources (net of fully funded 2% negotiated increases for teachers, support and exempt staff) the District plans to implement, directly and indirectly, to the classroom during the 2024/2025 school year. The summary is broken down into two sections – significant budget adjustments and proposed budget request.

	FTE	Wage & Benefits	Resources	Capital	Total

APPENDIX D

District Staffing FTE Data

The data below illustrates the full time equivalent (FTE) of the District's staffing by employee group; estimating staffing for the 2024/2025 school year compared to the staffing from the 2020/2021 school year. The 2024/2025 staffing FTE is preliminary and may change. These figures do not include casual employees (teachers teaching on call or CUPE staff).

The 5-year percentage change for the following employee groups is as follows:

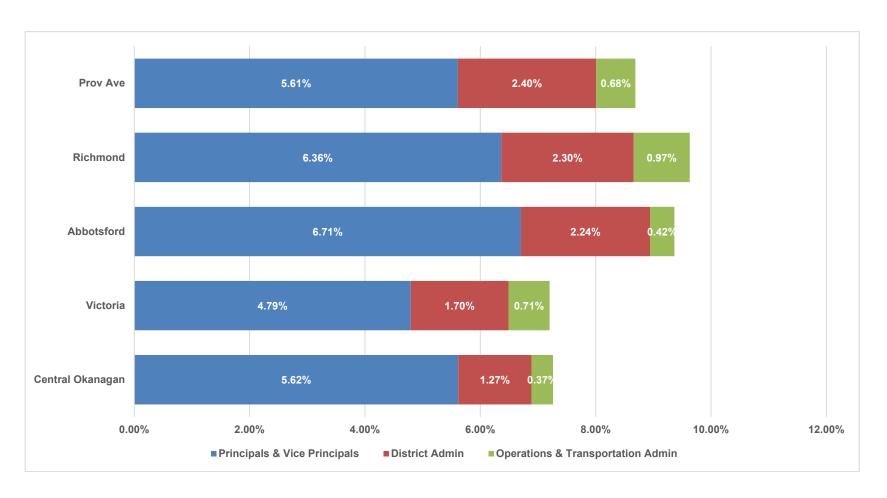

Employee	5 Year %
Group	Change
Teachers	10.94%
CUPE	19.00%
PVP	12.24%
Professionals	7.95%

For every senior management position added, there is significant growth in teaching and support staff that supports program services for students.

APPENDIX E

District Administration Comparison Graph

This graph shows both school and District administration as a % of total operating salaries (2022/2023 fiscal year) compared to other comparable size districts and the provincial average. School administration is below two of the comparable size districts and is comparable to the provincial average and total District administration is below all the comparable size districts and the provincial average. This illustrates the administration efficiency of the District and the District's objective to invest as much funding into schools and classrooms as possible.

Memorandum

Date: March 29, 2024

To: Finance and Audit Committee

From: Kate Cumming, Assistant Secretary-Treasurer

Information: 2024/2025 Public Budget Survey Results

1.0 BACKGROUND

On February 7, 2024, the District shared a survey link directly to all parents, staff and partner groups requesting feedback on the development of the 2024/2025 Annual Budget Bylaw. This link was also added to the District and school websites with a deadline of March 4, 2024. Responses were reviewed and themed and the feedback was considered as the Superintendent of Schools/CEO Budget Proposal Report for the 2024/2025 school year was developed.

The detailed responses to the public survey have been included in *Appendix A*.

2.0 BOARD MOTION/DIRECTION

None.

3.0 INFORMATION STATEMENT

Using the Thought Exchange platform, the budget survey had two distinct components. The first component consisted of the Thoughts which was the opportunity to provide a response to an overarching question which was then visible to all participants and could be rated. The second component was a survey of 2 additional open ended questions to obtain more directed feedback.

A total of 1,277 participants accessed the survey link, 525 Thoughts were shared, 1,237 participants responded to the initial role question, and 533 responded to at least one of the survey questions. In addition, participants provided 18,851 ratings on participant Thoughts.

As the District plans the 2024/2025 annual budget for the next school year, considering the educational programs and services that are currently provided at your school, what is most important and why?

1,277Participants

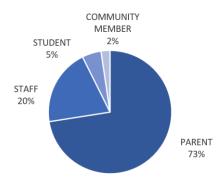

525 Thoughts

18,851 Ratings

Survey participants were from the following roles within the District:

The volume of responses by role follows a similar trend to the prior year's survey. With 525 Thoughts provided (2023/2024-352) and 598 responses to at least one survey question (2023/2024-588), the response rate was higher compared to the 2023/2024 and 2022/2023 Public Budget Survey results. The ability to interact with and rate other participant's Thoughts increased the overall level of engagement in the survey for the past two years.

The number of responses by role over the past three years is as follows:

DESCRIPTION	2024/2	025	2023/2	024	2022/2	023
PARENT	897	73%	871	74%	303	87%
STAFF	249	20%	223	19%	26	7%
STUDENT	62	5%	67	6%	6	2%
COMMUNITY MEMBER	29	2%	21	2%	14	4%
TOTAL	1,237		1,182		349	

Summary of Survey Responses

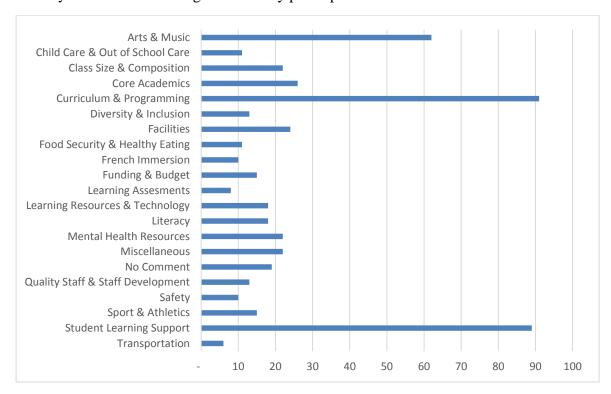

Question #1

As the District plans the 2024/2025 Annual Budget for the next school year, considering the educational programs and services that are currently provided at your school, what is most important and why?

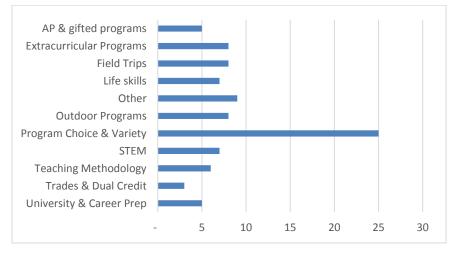

Response

The responses indicate a wide range of priorities for the 2024/2025 Annual Budget. 62 respondents emphasized the importance of music and arts programs, retaining or expanding existing programs and creating new programs, citing their role in enhancing the educational experience and fostering creativity. 89 respondents underscored the need for more support for students with higher needs, including the hiring of more Certified Education Assistants (CEAs), Learning Assistant Teachers or alternative supports. There was also a call for upto-date technology in classrooms, with respondents highlighting the importance of keeping pace with technological advancements. Other priorities included outdoor learning, critical thinking, and a focus on core academic subjects like math, science, and literacy. Some respondents also expressed concern about the need for more schools and improved conditions in facilities to accommodate growing student populations.

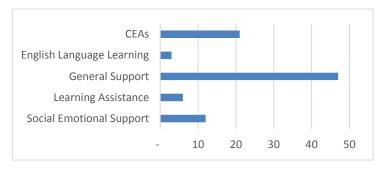

Within the theme of Curriculum & Programming above, respondents identified several types of school programs that they believe should be prioritized in the budget. These programs include:

In particular, 25 respondents highlighted the significance of providing students with a diverse range of programs that can support their educational and career goals and help them succeed in their future endeavors.

Within the theme of Student Learning Support above, respondents identified a few key areas in which they would like to see additional supports provided to students in need. These supports include:

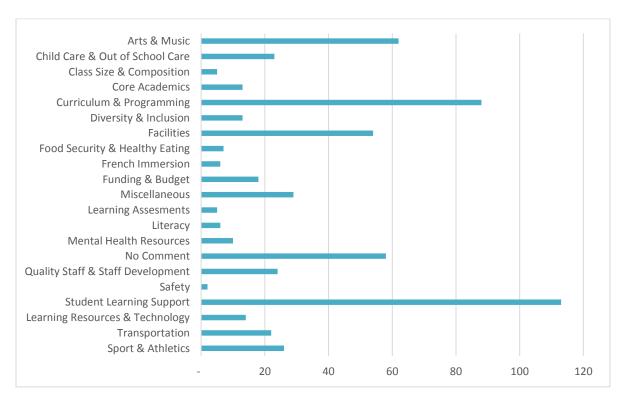

Question #2

What changes to programs, services and/or activities would you like the District to consider as the 2024/2025 Annual Budget is developed?

Response

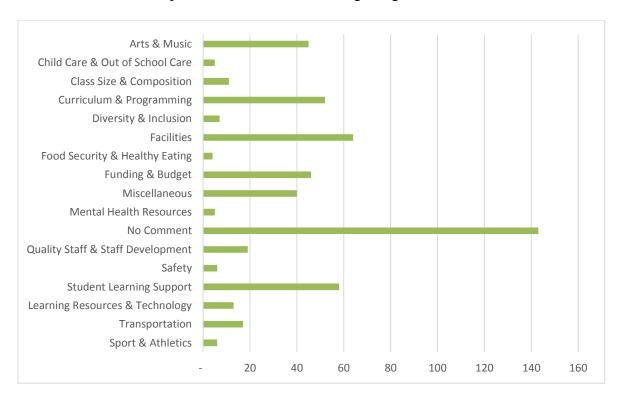

Responses from the second survey question continued many of the same prominent themes valuing the learning and behaviour supports for students. Requests for changes relating to curriculum and programming also included expansion of arts and music programs, emphasis on sports and athletic programs, increased extracurricular programs, enhanced program choice and variety, increased field studies, and additional programs for advanced students. 54 respondents also commented on the state of various facilities within the District and requested changes, additional maintenance, and significant renovations or construction of new school buildings.

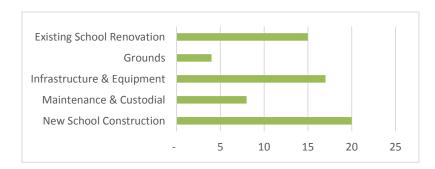

Question #3

What other information would you like the District to know that will help develop next year's (2024/2025) Annual Budget?

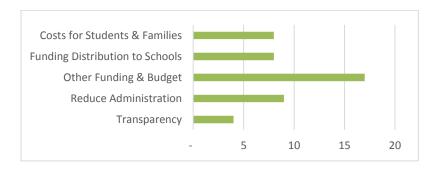

Additional information provided was in the following categories:

Responses relating to facilities highlighted the importance of construction of new schools due to constraints on existing schools from overall growth in the area and increasing density in key neighborhoods. A number of responses also requested changes or improvements to school infrastructure and equipment or recommended the prioritization of upgrades or additions to existing schools.

Responses relating to funding & budget recommended reducing district administration costs in favour of in school staffing and funding requirements, questioned existing costs for students and families, and requested greater funding distributions directly to schools.

4.0 ASSISTANT SECRETARY-TREASURER COMMENTS

The above survey results are being reviewed as part of the 2024/2025 Annual Budget Bylaw budget development.

5.0 APPENDIX

A. 2024/2025 Public Budget Survey Results (Detailed)

THOUGHTS: As the District plans the 2024/2025 annual budget for the next school year, considering the educational programs and services that are current	
Thought (translated) Programs that supplement student learning outside the classroom are important. Music, art, engineering/design thinking etc need more support It is so important	Theme
to help students find their passion at school so they maintain their spark for learning and passion for education.	Curriculum & Programming
exploratory classes/options in middle school are great it is important for children to be given a diverse education other than reading, writing and arithmetic.	Carriedan a Frogramming
Children should be taught basic living skills	Curriculum & Programming
	Curriculum & Programming
It is important that we provide the kids with opportunities to participate in more sports and more arts and music. Sports are important for building community and healthy competition. Arts and music are important for self discovery and communication.	Curriculum & Programming
Variety of programs, such as Music, golf, outdoor ed) offers a well balanced education experience.	Curriculum & Programming
Music education and Physical Education Exposure to both Music and Physical education is highly important in helping children and families develop coping	
mechanisms that carry throughout.	Curriculum & Programming
The art and sports programs. Both programs offer spaces for students to develop themselves and feel welcome among their peers (the arts tend to be a very	
accepting environment). Continuing to support the diverse array of programs from Music and Arts to Duel Credit to Advanced Placement. Education is not a one size fits all and diverse	Curriculum & Programming
programs enable diverse learners to be successful.	Curriculum & Programming
	Curriculum & Programming
Anti-bully campaign, sports, balanced work and play time	Curriculum & Programming
that they have other alternatives for learning- as i said before - hybrid, outdoor, montessori, online not everyone learns best in a building or full time in a class Science, English, Math, and PE should be priorities. Every student should take some shop or service work training. These are the only skills that will create	Curriculum & Programming
Societies, Englash, Haith, and Estinated be printed. Every student should take some shop of service work training. These are the only skills that with create employment opportunities for these kids.	Curriculum & Programming
I would say our school is severely lacking programs and services that are relevant to our kids. Communication and planning needs help too. The area's of play for	
students are limited, school safety is low. Communication break down. These thought boxes are too small to submit real answers	Curriculum & Programming
ADDING MORE PROGRAMS Rutland High has a variety of programs to challenge students. We do not. My kids are bored.	Curriculum & Programming
Providing support for high interest smaller classes to run. This is important to make sure that students are able to take what interests them.	Curriculum & Programming
Courses offered in September when students select them being followed through with qualified staff come term two so that it isn't changed last minute Students	
	Curriculum & Programming
Reading and math additional services Sports programs	Curriculum & Programming
mathematics and L.A. are the most significant classes yet students cannot be successful unless they know how to communicate appropriately with people. It's	Curriculum & Brogramming
important for teachers to model clear and polite communication with students. Some teachers fail at this crucial skill, this needs addressing Sciences Arts	Curriculum & Programming Curriculum & Programming
Elective options at GMS are terrible How can a student go through gr 6-9 and be forced to take the same "Maker" and "ADST" class every year with no other	Currentant at rogicinining
options.	Curriculum & Programming
Geography and history should be mandatory. The intranet is making the world smaller, and Canada welcomes tons of immigrants every year, it's fundamental for	
kids to learn about other countries.	Curriculum & Programming
I belive that sports and choir are most important Sports are way people give there all and ot builds teamwork and character. Choir gives you a way to express yourself and builds teamwork	Curriculum & Programming
	Curriculum & Programming Curriculum & Programming
Socialization is top Reading, writing, math, social studies, art and physical Education.	Curriculum & Programming
	<u> </u>
	Curriculum & Programming
Increased math and science. There are not enough options for children who want to push forward faster than their classmates. STEAM education. Because STEM needs to have the arts included in the curriculum.	Curriculum & Programming
Academics need to be properly funded ie. staffing, equipment, resources Focus on core education like STEM has been fading while niche and specialty classes	Curriculum & Programming
are being touted. Choice is great but not at the expense of academ	Curriculum & Programming
	Curriculum & Programming
Math class Science	Curriculum & Programming
Linear algebra skills are insufficient for kids going to university. Kids going into science and engineering are playing catch up when attending out of province	
schools specifically in linear algebra	Curriculum & Programming
Math and science must be taught the way they were taught 30-40 years ago. Education of special needs kids shouldn't negatively affect other kids' education	Curriculum & Programming
Critical thinking and learning Because it's the point of school	Curriculum & Programming
Hands on experiences To provide real life situations and grow in a fun exciting environment	Curriculum & Programming
Make learning stimulating. Careers, as an example, had been a class all three of my kids dread or dreaded. Need to move education forward with what we know	
works for kids. Interaction and interesting. Keep them engaged as life long learners	Curriculum & Programming
Enlightenment ideals Society needs more people using logic and reasoning to form their beliefs. Less ideology and emotion. An inclusion approach that actually works No more CMS-style learning communities until relevant and applicable research comparative to our demographics are	Curriculum & Programming
done (new teachers can't teach this)	Curriculum & Programming
Kids are not being properly engaged at school. Curiculum needs to be improved. School has turned into daycare. My own kids just go through the motions, don't	
do their best and parents have little insights into the problem.	Curriculum & Programming
	Curriculum & Programming
Trades There are shortages in all fields. Going to College or University is not the answer for many students. Career exploration programs for High school students. (Trades sampler, hair, forrestry) This removes financial barriers for students who would be great canidates.	Curriculum & Programming
Career exploration programs for High school students. (Trades sampler, hair, forrestry) This removes financial partiers for students who would be great candates. Jumping straight into work force with real world skills.	Curriculum & Programming
Careers & exchange programs Real life skills and opportunities	Curriculum & Programming Curriculum & Programming
The Careers class mandated in gr 10, 11 and 12 is of little value - content too similar and those with full classload must complete outside school hrs Improve the	5 - 5
continuity between grades of careers or give students back time.	Curriculum & Programming
What is the point of careers being a mandatory course? It doesn't seem to be geared towards helping students figure out where their future may lie. This course	
should be helping students figure out future plans and have them look at what to do get there including course selection. Leadership & Career Training and Development Son wants to become a "Police Officer"; only so much a single parent(dad) can help with eg zero record, empathy	Curriculum & Programming
	Curriculum & Programming
Focus on those "skills" that children need to ben employable in the future. Stay away from indoctrination principals and ideologies. I want all students to be able	- Carriodium a rogiumming
to find meaningful work in the future. The current school system(s) in our country are more focused on indoctrination	Curriculum & Programming
Provide supports for all children to be included in education Supports for children with disabilities should not be optional and children should not be asked go stay	
home or leave school when not available.	Diversity & Inclusion
The contract of the contract o	
Universal bathrooms Everyone deserves dignity and standing outside a bathroom for 20 minutes at a time (because this is the only bathroom available to you) is	Divergity & Inclusion
degrading	Diversity & Inclusion
degrading Support for first nation's children. There are many young indigenous children struggling with anxieties and trust. Due to generational trauma. Biologically,	Diversity & Inclusion Diversity & Inclusion

THOUGHTS: As the District plans the 2024/2025 annual budget for the next school year, considering the educational programs and services that are currently	î .
Thought (translated) We need more indigenous student advocates for schools and to learn more about the culture as well let me give an example 1 indigenous student advocate at	Theme
1 school can have from 65 to 100 kids to look out for We need at least 2 or 3 more.	Diversity & Inclusion
school wide learning about difference and inclusion Kelowna is a diverse city and growing fast. This has not always been the case. It is time for sd23 to put	
diversity and inclusion at the forefront	Diversity & Inclusion
Indigenous education Music programs	Diversity & Inclusion
To to ensure the graduation levels of Indigenous students is high Indigenous education is a right	Diversity & Inclusion
Cultural classes Educating on students indigenous heritage needs to continue	Diversity & Inclusion
Celebrating different culture For feeling inclusive more options available for indigenous teachings and elders or advocates to teach within the classroom	Diversity & Inclusion Diversity & Inclusion
Orange shirt day but there needs to be more It's a start	Diversity & Inclusion
Indigenous perspectives in education commitment to Truth and Reconciliation, decolonizing education, offering intercultural perspectives	Diversity & Inclusion
I believe that in todays world of hate that SOGI123 and other diversity programs are important. LGBT kids have the highest rate of suicide. Acceptance from a	
parent or a teacher makes a difference in those kids lives.	Diversity & Inclusion
Building more schools to house our growing population. Crowded spaces and too many portables.	Facilities
	Facilities
Having portable classrooms in this province and country is shameful Education of the new generation should be priority, not an afterthought. Fund and build	
proper infrastructure.	Facilities
More extra curriculars and safe places to play Aging gyms, no spectator areas in older schools and fields that are unkept/uneven could be improved. Keeping kids active is key.	Facilities
www.v.o.my.	T dollaro
Support and Janitorial staff These are the people who keep the schools running and operational, yet they get some of the least credit or reward for their work	Facilities
Enough learning spaces for all students. To provide a consistent location for normalcy and routine for students. A number of classes do not have a designated	
space, as schools are too full.	Facilities
	Facilities
More schools/classes/programs Developers are building MDU's throughout the Okanagan but we have not seen an increase in support for schools to manage the	Facilities
increase of students Not enough custodial staff Without adequate custodial services, schools will not stay clean and safe.	Facilities
Not enough custodial starr without adequate custodial services, schools will not stay clean and sare. Upgrading the school Because I see many other schools being repaired and fixed and nothing at my child's school	Facilities Facilities
Oppositing the serious because i see many unter serious being repaired and nixed and fluthing at my clinic 3 School	i uoinu63
Essential Resources Schools are over capacity and don't have enough essential resources like water fountains, washrooms, and communal spaces for students	Facilities
Increase capital funding	Facilities
	Facilities
Schools should be the center of the community, lets make them look like a place people want to be at. Put some money into the building. Build better sports	
facilities for our students.	Facilities

Food services. Family affordability support. Extra-curriculars. Struggling families look to schools as a strong figure of support and community. Healthy School Meal options and nutritional education especially in the sports programs. We encourage sports yet hotdogs, pizza & chips are often the foods available. So many Children are struggling with nutritional defliciencies. Subsidies for families in need. More families are struggling with inflation and rising costs. Lunches and snacks for ALL children Because food helps us children grow and be more attentive in the class room. You can't work nor focus on an empty stomach. Food program It goes a long way being a student and having a little baby with limited time to work More food services through PTA/PACs would be fantastic Families are strained financially and time wise. Bulk purchasing and organization could save time and money. Meal programs offered to the first 100 students at all schools Healthier more affordable lunch for the ones that can't afford hot lunches. That the school system doesn't default to take the place of parental responsibilities - ie Feeding, clothing, teaching positive behaviour to kids These things take time/budget/focus away from teaching Lunch Because is expensive the life Why are schools telling kids what they can and canno	Facilities Facilities Facilities Facilities Facilities Food Security & Healthy Eating French Immersion

	More literacy and math support As a low SES school we are really struggling in these areas with no parent support	Literacy
	$Access \ to \ early \ intervention \ programming \ for \ literacy \ through \ and \ LAT. \ LATs \ should \ emphasize \ implementation \ for \ early \ years.$	-
I don't care what they're reading at school, as long as they're reading.	I don't care what they're reading at school, as long as they're reading.	Literacy

THOUGHTS: As the District plans the 2024/2025 annual budget for the next school year, considering the educational programs and services that are current	
Thought (translated)	Theme
Literacy programs for kids that have fallen behind due to Covid, or who has missed diagnosis of learning disabilities (due to lack of testing) Concerned that	Literacy
children whos attendance was affected during covid have fallen behind in literacy development Lowest literacy rates we have had it years - that is an issue. Would guess it is related to increase screentime Screen time is negatively impacting youth literacy	Literacy
	Literacy
rates. Using a reading program that has a science aligned scope and sequence. As more teachers adopt one program (UFLI) the information remains consistent and	Literacy
osing a reading program that has a science aligned scope and sequence. As more teachers adopt the program (OFL) the information remains consistent and students can transfer from one year/teacher to the next easily.	Literacy
students can transfer from one year/teacher to the next easily.	Literacy
More in depth trained reading specialist teachers. Like the Quigley reading program but out of the schools so it's not a matter of if the kid can get a ride.	Literacy
Vulnerable students in elementary schools are not receiving enough service for mental health. The issues grow as they grow without interventions. More supports	Literacy
offered at Middle and High school that could help lessen the trauma and issues earl	Mental Health Resources
support people and counseling at the school when kids struggle, they need genuinely safe spaces and genuinely compassionate support people	Mental Health Resources
A greater investment in school psychologist and psyc ed assessments. Students with learning difficulties are not getting the support they need because they're	Tionat Toutan Tioodalooc
going undiagnosed.	Mental Health Resources
Mental Health: Teachers are going on mental health/medical leaves in alarming numbers over the past few years due to decisions the district makes or has made,	
the classrooms are not the best learning environments.	Mental Health Resources
Access to a school counsellor or other supports as needed Lots of kids are missing out on those check ins and connections that offer some extra stability and	
make school a better place to be	Mental Health Resources
Counselling Services With such a populated school, there seems to be a significant increase in behavioral issues at the school.	Mental Health Resources
Mental health information and awareness as well as addiction and drug use risks and information. A large percentage of youths are dealing with mental health or	
addiction issues. Having no one to turn to just furthers the problem.	Mental Health Resources
School counselling as the bullying escalated every year and children need an outlet. H	Mental Health Resources
Counselling Students mental health is integral to their ability to succeed.	Mental Health Resources
Emotional and Mental Health It is at the root of all learning. Without this as a priority Classroom learning becomes more challenging for Pupils and Teachers	Mental Health Resources
Counselling	Mental Health Resources
Counsellor's office at DRK has been incredibly important for my daughter's middle school experience. She feels safer knowing that there is someone available	
listen to her experiences. The counselling office is a safe space for her.	Mental Health Resources
School counselor Mental health of students is the worst I've seen	Mental Health Resources
More mental health support (affording mental health support outside of school is a privilege that many families cannot afford)	Mental Health Resources
Supportive staff for emotional well being of students More anxiety, depression etc	Mental Health Resources
Counselling and learning assistance Students are carrying more emotional needs than we have previously seen. There are large gaps in reading and writing due to	
foundations missed Covid	Mental Health Resources
Student confidence Hopefully individual confidence will reduce the amount bullying in the schools	Mental Health Resources
The confidence they feel attending school. Receive the subjects that they can develop according to their interests and abilities. The school is a safe place and is	
the most valuable thing. Studies develop of self-confidence and consequently they would happier professionals.	Mental Health Resources
increased Mental Health Support (especially for primary students) Increased Social Emotional Learning and Involvement for Students, Teachers and Parents	Mental Health Resources
Mental health If a student is not online they can't learn	Mental Health Resources
Nerves and insecurity, especially because it is new for everyone But it is very important for everyone's development so I am super grateful to everyone	Mental Health Resources
Why are school councellors sitting in their offices doing paper work all day instead of working with children? If school is supposed to be 'holistic' why aren't we	M
developing the whole person? Councellors should be councelling!!!!!	Mental Health Resources
Access to good education and support systems to help with their children's studies. Fundamental reason why children are attending school, to receive an	
education so they can prepare for the adult world and find employment. That my child is finishing class with a good understanding of the subject matter and they have been challenged to grow. I feel that our expectations of students	Miscellaneous
have been lowered over the years and that many obstacles to healthy growth are being removed.	Miscellaneous
Support and funding for educational improvement and transformation. Because it helps schools provide better educational experiences and outcomes for	i-iiscettaileous
children.	Miscellaneous
Teaching is more important than politics. Because our children are graduating from high school with very little knowledge of the real world. The system is failing	T HOCERTHICOUS
them.	Miscellaneous
Community Involvement Students are connected to the community at large	Miscellaneous
pasic school skills and learning that hard is not bad kids don't achieve anymore and have low self esteem as we have stopped teaching them they can do hard	T HOGOKAHOGAG
hings even if uncomfortable for a moment	Miscellaneous
Achieve having relaxed students and environments so that they can learn better.	Miscellaneous
A focus on spending in educational areas - less spending on political initiatives. Our classrooms are becoming more and more politicized spaces. We need to	
ocus more on the basics and remove the divisive political elements.	Miscellaneous
nvironment for education Available the environment the best important to student	Miscellaneous
Preparing students for a successful career Lives depend upon this	Miscellaneous
believe it is important for the students, especially newcomers to learn how to make friends. More education and warnings are necessary for high school students	
egarding substance use and sexual relationships.	Miscellaneous
ree education	Miscellaneous
Keeping families together and not splitting K-2	Miscellaneous
Education and tutorials Raising the level of students academically and intellectually	Miscellaneous
All it's good Communicate and understand the side of parents	Miscellaneous
Free speech must be protected at schools from those who would censor all. Students deserve the freedom to desent. Any speech/thought could be taken as	
nurtful to a listener, hence all speech must be protected.	Miscellaneous
nothing all is well continue good education	Miscellaneous
AM HAPPY WITH CURRENT PROGRAMS AT DRE I AM HAPPY WITH CURRENT PROGRAMS AT DRE	Miscellaneous
ıniform	Miscellaneous
verything is great Everything is great	Miscellaneous
Having to change a school name after so many years is crazy. No need to spend school money on new uniforms shirts logo ect.	Miscellaneous
Parental information and consent needs to improve. These are minors. The school did not tell me about a very serious incident. We are responsible. We can't	
parent properly w/o information.	Miscellaneous

Social breakdown, increased violence at school, increased poverty. Forecast of upcoming decades	Safety
Safety, Multicultural awareness, Acceptance, Discipline, Why, Peace, Safety, Before learning, Peace and safety interruption of our ability to learn. In peace, In	
harmony. In happy welcome environment.	Safety
Health and safety So the teachers and students don't get cancer or headaches	Safety
Health & Saftey - More emphasis on hand washing, ensuring soap is available and sink height is appropriate for young learners. Our healthy holistic household has	•
been rocked by flu and cold repeatedly. School education can do a better job & vaccine is not the answer	Safety
Health and safety My kids are always sick. I get the argument that it is a Petrie dish but that shouldn't be the norm. Provide toilets and sink in portables	Safety
Physical education/sports To maintain a healthy lifestyle	Sport & Athletics
Physical development of the child. It is important to instill a love for sports from an early age in a child, because it helps to develop the body and communication	
skills during team games.	Sport & Athletics
Sports and PE. Healthy bodies house healthy minds. It's hard for anyone to go through life fat and unhealthy.	Sport & Athletics
Sports Inclusion of all children, team building, social	Sport & Athletics
, , , , , , , , , , , , , , , , , , , ,	
Sport For my children, accessing sport during school time is essential for his mental and physical health. The sport program he was in is only 1/2 year.	Sport & Athletics
Our school doesn't offer many options for extra curricular sports	Sport & Athletics
Physical exercise. More is needed. The brains primary purpose is to navigate and survive in a dangerous environemnt. School provides little to no physical	
stimulus that challenges kids.	Sport & Athletics
Summus that traderiges was. After school sports programs more opportunities for more students to be actively involved in their schools	Sport & Athletics
Track and field day at Davidson Elementary It teaches the children different sports, keeps them active and encourages exercise	Sport & Athletics
hack and neture yet between the control that the control	oport a numerica
learning habits.	Sport & Athletics
COLUMN TO THE TOTAL COLUMN	οροιτά Λαιασιου
More sports teams at Davidson Elementary! Basketball team, volleyball, soccer It's so important for children to be active and work together as a team.	Sport & Athletics
Football I and alot of other students no longer have a way to play our favourite sport on a team or competitively.	Sport & Athletics Sport & Athletics
sport teams for Grade 6s It is so sad that on the westside there are no sports for Grade 6s	Sport & Athletics
Physical literacy. It affects on the individual and society is vastly important, and has significant impacts	Sport & Athletics
Discipled education in the entything ed (2) is kind of doing right. The read of it has become a his into Variable and the second of the second	
Physical education is the only thing sd23 is kind of doing right. The rest of it has become a big joke. You take god out of schools to replace with Because the	Connect O Addition
entire world is getting depressed, anxiety, eating disordersand the key to alleviating all of those things is moving our bodies more!!!	Sport & Athletics
Continued support for in class room helpers I have a son with Autism that is thriving because of his EA	Student Learning Support
Hire more CEAs, and actually PAY them a livable wage through hours. It is a clear and simple answer to the decline. CEAs are mistreated by admin. There is	
FREQUENTLY a lack of CEAs coverage, causing these students challenges, distress, or requires pulling CEAs from other classes. It's insane.	Student Learning Support
Hire more ceas Need support in classrooms	Student Learning Support
Teaching assistants Helps with class composition and improves overall learning	Student Learning Support
CEA support - the needs of students continue to grow but staffing can't keep up wiht the needs and the hiring	Student Learning Support
Resource supports (CEA's and materials) When all kids are supported and feel secure in the class, that's when learning can occur	Student Learning Support
CEAs Classroom support for increasingly diverse/challenging student population	Student Learning Support
More CEA support, shorter wait lists for testing, ELL support etc Many of the students at risk that could find greater success are slipping through the cracks	
because there just isn't enough support available to them	Student Learning Support
Properly supporting students in class, by hiring enough CEAs to keep the students engaged and included with their class in a healthy manner Too many times	
students are left without a CEA because there are not enough of them to support even the high needs students	Student Learning Support
More teachers aids Student teacher ratio is the number one predictor of future success.	Student Learning Support
More teachers aids Student teacher ratio is the number one predictor of future success. More CEA's in classrooms With no cea's, teachers spend time regulating one kids behaviour rather than teaching the class.	Student Learning Support Student Learning Support
·	

THOUGHTS: As the District plans the 2024/2025 annual budget for the next school year, considering the educational programs and services that are current	y provided at your school, what is most
Thought (translated)	Theme
Increasing the number of CEAs Without CEAs to help support student with specific needs, it destroys the ability to teach. We must incentivize potential CEAs to	
join.	Student Learning Support
more CEA support	Student Learning Support
I see early childhood education programs in highschool but we need more types of services for students services such as CEA and care aid programs.	Student Learning Support
I see early clinicition to education programs in migrisculor but we never under types of services for students services accurate Such and Later and programs. Teacher assistant it was not offered for my child's kindergarten or grade 1 class and my child and their teacher would have benefited from having one in the	Student Learning Support
classroom	Student Learning Support
Learning assistants My son has a learning disability	Student Learning Support
More behaviour rooms/ behaviour cea's it's not fair one kids explosive behaviour (yelling, or throwing, or whatever) can take away a whole classes learning. Send	3.41
them out to calm down.	Student Learning Support
More incentive for CEAs. Smaller classroom sizes. Compost in schools.	Student Learning Support
Access to CEA support for students who require 1 on 1 all day.	Student Learning Support
Hire Casual EA that aren't fully certified that have experience, knowledge and grade 12 should be able to able More support for students they need it	Student Learning Support
ELL support Nearly a third of the students are ELL, many non-english speaking At least 1 hour of English language course every weekday for immigrant children and homework to be given to students. Basic English knowledge is not taught at	Student Learning Support
school. If basic English is taught, I think it will be very useful for the student to improve himself.	Student Learning Support
Supporting ELL learners Equitable allocation of resources so that ELL students have the same opportunities for academic success. Provide targeted ELL support	Student Learning Support
and classroom s	Student Learning Support
supports for classrooms (CEAs, Resource, LST, ELL) to help support our classroom teachers provide high calibre tier one supports	Student Learning Support
Teachers & Support staff are stretched too thin (not enough staff where/ when needed) Less than desirable working conditions lead to corners being cut and	
kiddos being impacted.	Student Learning Support
Having proper and consistent support for students. Having consistent and continuous support for our students allows them to build proper relationships and see	
successes.	Student Learning Support
Support for learners needing extra one on one help	Student Learning Support
Support staff and help with students who need extra help doesnt take away from the learning experience of others	Student Learning Support
Learning support To allow students with special learning needs to succeed.	Student Learning Support
Having enough teachers Providing a space where learning will not suffer do do the range of learning abilities in a class.	Student Learning Support
Special education support Without support for these students this adds stress to teachers and reduces their efficacy with other students.	Student Learning Support
Student support services: LAT, ELL, Resource, SEL, etc. Students are coming with many diverse needs and classroom teachers are not able to support them on	Charles Comment
their own. Specialized programs that focus on learning challenges and disabilities on a regular weekly or monthly basis. With a son that has a moderate learning disability in	Student Learning Support
Specialized programs that rocks of rearning challenges on a regular weeks of monthly basis. With a soft that has a moderate tearning disability in writing, but no behavioral issues. There is very limited attention given to improving his skills	Student Learning Support
Programs and supports in place for both gifted students and students with learning challenges. Every child should be supported	Student Learning Support
Support staff are extremely important. Learning in a small group allows students to ask questions and share their thoughts. We see huge learning gains in	otadent Learning Support
students that are receiving regular small group support.	Student Learning Support
Support for students with learning challenges. Early intervention and support at an early age significantly impacts a child's social emotional well being as well as	ottadont zoammig oupport
future academic success.	Student Learning Support
Counselling, LAT support, High 5, BEHAVIOUR SUPPORT Because classroom teachers can't carry the entire load.	Student Learning Support
My child have spectrum and he have someone who is helping him It is important for us since it helps my sons progress on his situation	Student Learning Support
Student support/staffing Integration with supports is wonderful - not so without the supports students require.	Student Learning Support
	Garpha
Proper support for students with higher needs. Counsellors in the schools full time. Not counsellors for administrative work, counsellors that counsel students.	Student Learning Support
help for special needs kids! they are taking away from the learning of other kids because they aren't getting supported! They're all just sitting there by themselves	
waiting	Student Learning Support
Learning supports that are consistent and continue from Elementary into Middle and Highschool When the child leaves one level of school and suddenly has no	
supports in place they are left at an extreme disadvantage.	Student Learning Support
Increased support for teachers and students with special needs. There are increased numbers of students with special needs and teachers are being	
overwhelmed.	Student Learning Support
More teachers per child Kids need more one on one support	Student Learning Support
Support teachers in the classrooms for behaviour and learning Teaching classes with constant behaviour interruptions affects the learning growth of ALL students.	Student Learning Support
An extra teacher in the room is invaluable

	grams, services and/or activities would you like the District to consider as the 2024/2025 preliminary budget is developed?	
Respondent	Response	Theme
Parent	Smaller classrooms	Class Size & Composition
Parent	More space for kids, Smaller Class Sizes, Support Positions for classroom instruction, Classroom Textbooks and supplies	Class Size & Composition
Parent	Smaller class sizes in intermediate and middle school	Class Size & Composition
Staff	Additional staff support to address class composition and complexity of student needs	Class Size & Composition
Parent Parent	Remove all aspects of social ideologies from schools. Teach the basics only. Focus on the basic educational needs, eliminate special programming	Core Academics Core Academics
raieiii	You need to prioritize learning reading, writing and arithmetic. This SD has focused too much on EDI and soft fuzzy words and it is hurting our children's learning	Core Academics
Parent	outcomes. Students keep falling behind in major core competencies. We need to focus more on STEM and less on inclusivity.	Core Academics
Parent	More time and money focussed on what should be the core educational priorities - math, english, technology, and sciences.	Core Academics
Parent	Back to the basics	Core Academics
Parent	would like to see the school district focus on reading, writing, and arithmetic. I would also like to know how many foreign students are being allowed into the schools.	Core Academics
Parent	As a parent I would like to see more academics in the middle school classes. Students spand lots of time on social studies and math and English are very redundant	Core Academics
	Academics math reading, science experiments advance version and engaging kids to learn the academic curriculum , basically focus more on academic and learn abt	
Parent	the core of math amd English	Core Academics
Parent	focus on more robust academia and less 'fluff and filler' courses/electives	Core Academics
Parent	Focus on core competencies such as reading, writing and arithmetic.	Core Academics
Parent	More focus on core competency	Core Academics
Parent	Refocus efforts and resources to core competencies (math, reading, writing) and enhance the music/arts programs.	Core Academics
Parent	More focus on fudmental skills. Reading comprehension, problem solving and the fostering confidence and individual achievement in the students.	Core Academics
Community Member	life skills	Curriculum & Programming
Community Member	More opportunities to challenge gifted or advanced math students	Curriculum & Programming
Community Marchar	More activities that develop and increase imagination as well as resilience to frustration, to overcome quickly and leave with a positive mental attitude.	Curriculum & Programming
Community Member Community Member	More time Outside	Curriculum & Programming Curriculum & Programming
Community Member	More waterslides	Curriculum & Programming Curriculum & Programming
Parent Parent	Increased focus on Physical Activity and STEM , Coding.	Curriculum & Programming Curriculum & Programming
Parent	Increased rocks on Frysical Activity and STEP, Coding. Academic programs for advanced students	Curriculum & Programming
Parent	More family nights and in-school special activities	Curriculum & Programming
Parent	Nore advanced classes in Math and English in Grades 10-12	Curriculum & Programming
		9
	Extracurricular and Enrichment Programs: Expand access to extracurricular and enrichment programs that cater to students' diverse interests and talents. This could	
Parent	involve offering a wider range of clubs, sports, arts, and cultural activities both during and after school hours to engage students and	Curriculum & Programming
	Much more programs out of class. The high school has many sports offerings but little else that is not class related. There was a chess club and then it was cancelled	
Parent	because the teacher left. Nobody cares to replace him/her. More activities for kids with different interests.	Curriculum & Programming
Parent	add more alternative learning hybrid online montessori other ways to receive school without being in a building all day	Curriculum & Programming
ļ l	I believe we need to focus more on actual education. Teach children math, English, spelling, Geography and basic knowledge. I feel the education my children receive is	
Parent	sub par to other countries. There is a need for sports and clubs within schools as well as before and after school programs.	Curriculum & Programming
Parent	More programs geared towards the trades.	Curriculum & Programming
Parent	Leadership and anti bullying programs.	Curriculum & Programming
Parent	Field Trips	Curriculum & Programming
Parent	Extra curriculum activities available	Curriculum & Programming
Parent	School activities	Curriculum & Programming
Parent	No split classes	Curriculum & Programming
Parent	Shorter alternatives to 1/2 day blocks in high school	Curriculum & Programming
Parent	More access to extra curricular programs for elementary age kids	Curriculum & Programming
	Axe any and all reference to Equity, It is a disgusting concept. Equality should be what you are promoting. Choosing to promote some children more than others	0
Parent	because of your beliefs is wrong. Who gets to decide which kids get assistance and which kids get left behind. Make it equal.	Curriculum & Programming
Parent	More out of school events at the school, like event nights, school dances, fairs etc.	
Doront	more outlings for students	Curriculum & Programming
Parent	more outlings for students The level of instruction is far helpind what students in other countries are offered. Our daughter arrived here for this school year and is being taught math and English	Curriculum & Programming Curriculum & Programming

Parent	The level of instruction is far behind what students in other countries are offered. Our daughter arrived here for this school year and is being taught math and English content that she learned 2 years ago in the UAE. It caused boredom and may cause a smart student to under achieve. More life based skills for adulthood, more movement activities Education on future career choices and how to get there. Education on budgeting personal finances. More options for extra-curricular activities Funding to cover elective course costs (golf, outdoor ed) and extracurricular activities (sports teams) Changing schedule system for the high schools: 1)stop the flip flopping of order of blocks. 2) simply add linear blocks from 8-9am and 330-430 to reduce crowding. 3)have A-F blocks daily for 75 minute blocks running classes from 8am-4pm this would stagger lunches and spread out attendance. Programs within the school like Gym everyday, Art and Music more frequently other than once or twice a week in the elementary schools, French or any second language options classes starting at Grade 1 not in Grade 5. More teachers, perhaps looking into adopting a charter school option ex TLC schools Geography and history mandatory, more sports offered in schools, after-school activities in schools, such as sports, tutors for extra-help with learnings, arts, etc. more outdoors programs I'd like more outdoor physical learning. Better funding for online enrichment programs to be utilized by teachers and students to help supplement different types and levels of learning Elective courses that are offered and selected by students followed through rather than changed last minute, for example my high school students enrolled in culinary arts and then last minute course was down graded to simple foods. This impacts their next steps after graduation. SIEM programs I want personal finance education to be included. This includes activities related to managing budget, credit and debit, income vs expenses curriculum content, aspects of school	Curriculum & Programming

Our daughter arrived here for this school year and is being taught math and English content that she learned 2 years ago in the UAE. It caused boredom and may cause a smart student to under achieve. More life based skills for adulthood, more movement activities Education on future career choices and how to get there. Education on budgeting personal finances. More options for extra-curricular activities Funding to cover elective course costs (golf, outdoor ed) and extracurricular activities (sports teams) Changing schedule system for the high schools: 1)stop the flip flopping of order of blocks. 2) simply add linear blocks from 8-9am and 330-430 to reduce crowding. 3)have A.F. block daily for 75 minute blocks running classes from 8am-4pm this would stagger funches and spread out attendance. Programs within the school like Gym everyday, Art and Music more frequently other than once or twice a week in the elementary schools, French or any second language options classes starting at Grade 1 not in Grade 5. More teachers, perhaps looking into adopting a charter school option ex TLC schools Geography and history mandatory, more sports offered in schools, after-school activities in schools, such as sports, tutors for extra-help with learnings, arts, etc. more outdoors programs Provide the courses that are offered and selected by students followed through rather than changed last minute, for example my high school students enrolled in culinary arts and then last minute course was down graded to simple foods. This impacts their next steps after graduation. STEM programs I want personal finance education to be included. This includes activities related to managing budget, credit and debit, income vs expenses Curriculum content, aspects of school improvements, off-site school enrichment poportunities Keep AP programs in highschool and bring program back in middle schools. Keep highschool and middle school separate more excl	Curriculum & Programming
Parent Parent Parent Parent Parent Parent Parent Parent Parent Parent	The level of instruction is far behind what students in other countries are offered. Our daughter arrived here for this school year and is being taught math and English content that she learned 2 years ago in the UAE. It caused boredom and may cause a smart student to under achieve. More tile based skills for adulthood, more movement activities Education on future career choices and how to get there. Education on budgeting personal finances. More options for extra-curricular activities Funding to cover elective course costs (golf, outdoor ed) and extracurricular activities (sports teams) Changing schedule system for the high schools: 1)stop the flip flooping of order of blocks. 2) simply add linear blocks from 8-9am and 330-430 to reduce crowding. 3)have A.F. blocks daily for 75 minute blocks running classes from 8am-4pm this would stagger lunches and spread out attendance. Programs within the school like Gym everyday, Art and Music more frequently other than once or twice a week in the elementary schools, French or any second language options classes starting at Grade 1 not in Grade 5. More teachers, perhaps looking into adopting a charter school option ex TLC schools Geography and history mandatory, more sports offered in schools, after-school activities in schools, such as sports, tutors for extra-help with learnings, arts, etc. more outdoors programs I'd like more outdoor physical learning. Elective courses that are offered and selected by students followed through rather than changed last minute, for example my high school students enrolled in culinary arts and then last minute course was down graded to simple foods. This impacts their next steps after gradualion. STEM programs I want personal finance education to be included. 	rams, services and/or activities would you like the District to consider as the 2024/2025 preliminary budget is developed?	_
Respondent		Theme
Parent		Sport & Athletics
Parent		Sport & Athletics
Parent	Increase physical activities, specifically sports. Children are healthier with more activity, and movement helps drive learning. The lack of focus on physical fitness shows in the fitness and lack thereof across the teachers and students alike. We love our teachers and they should lead by example.	Sport & Athletics
raiciit		Sport & Attiteties
Staff	District organized sports, at all middle school ages. Grade 6 sports and student opportunities suffer due to no unilateral organization and transportation.	Sport & Athletics
Staff		Sport & Athletics

	rams, services and/or activities would you like the District to consider as the 2024/2025 preliminary budget is developed?	
Respondent	·	Theme
Parent	Class room supports - CEA, Behaviour Specialist, Resources Teachers	Student Learning Support
	Improvement between SEL + curriculum / teacher + parent + student communication. Specifically, what is being said does not always match what is being taught -	
Parent	through modelling, self-awareness and emotional regulation. A safe place to have a student voice within the school for ALL ages	Student Learning Support
Staff	Improvements to CEA package to improve hiring and retention	Student Learning Support
Staff	SEL teachers eliminated and school based staff added.	Student Learning Support
0"	Looking at ways to create efficiencies within our inclusive education department workings, particularly when it comes to staff roles in the school and managing relief	0
Staff	coverage for absenteeism.	Student Learning Support
Staff	More support for Newcomer families	Student Learning Support
Staff	There should be an increase in funding to support more children with learning challenges.	Student Learning Support
C+-#	more ELL support, More CEA support, Higher wages for staff to retain CEA and Clerical - we are going to receive unqualified CEA's soon if we don't start to provide better	Charles I coming Comment
Staff	wages and retention programs. Training for CEAs needs to more realistically prepare them for their role working with children who have challenging behaviours. Have an option for full time CEA	Student Learning Support
Staff	maning to Ceas needs to more realisticaty prepare them for their force working with characteristic more clearly great and published them. Desirions (other roles in school) so we can retain more. SEL teacher position not effective.	Student Learning Support
Staff	Combine services from Inclusive Education to better meet student needs- for example LRT and LAT same person.	Student Learning Support Student Learning Support
Stall	if we can't hire and/or retain enough CEAs, then extend the hours and hourly wage of those working to retain them so we have support for students during all school	Student Learning Support
Staff	hours.	Student Learning Support
Staff	indus. Additional ELL support in schools.	Student Learning Support
Staff	Providing support (people like CEA's) for students with severe behaviours.	Student Learning Support
Staff	Teachers doing classroom support	Student Learning Support
Staff	More funding for CEAS	Student Learning Support
Staff	Budget for gifted education and programs designed for these kids	Student Learning Support
		g
Staff	More FTE Speech and Language Pathologists and language programming altogether, including training involving teaching literacy and oral language skills.	Student Learning Support
	More funds allocated to inclusive education for the purpose of hiring support staff such as Speech-language pathologists, Occupational therapists, Physios, CEAs, RTs	
Staff	etc	Student Learning Support
Staff	Extra support at school	Student Learning Support
Staff	More learning assistance available to support students.	Student Learning Support
Staff	more seminars for staff regarding special needs	Student Learning Support
Staff	Hiring more CEAs to better support existing and new students	Student Learning Support
Staff	More supports for behaviour designations	Student Learning Support
Staff	More support for underachieving students/families	Student Learning Support
	-more programs designed to assist our at risk youth in elementary schools -more out of classroom supports to assist designated students and students without a	
Staff	designation with exceptional needs	Student Learning Support
	Increasing the number of SEL teachers and staff so that all elementary schools can have this program and expand it to middle schools too. Our kids need and deserve	
Staff	the help.	Student Learning Support
Staff	More funding for CEA's	Student Learning Support
Staff	More support staff hired, cometetive wages to hold on to support staff especially counselors, resource teachers, SLP's, psychologists	Student Learning Support
Staff	More SEL learning for High School Students, more social recreational opportunities for Resource Students.	Student Learning Support
Staff	More support to our SEL, Resource, Counselling areas	Student Learning Support
Staff	More CEAs. We need at least one more adult in every classroom.	Student Learning Support
	School based supports at elementary for diverse learners Maintain a 2 week spring break by keeping minutes of instruction at a level to allow for the 2 weeks. When	
0"	Easter occurs in the break reduce days from end of June rather than reducing daily instructional minutes that impacts schedules yearly	0
Staff		Student Learning Support
C+off	It seems that there is a growing need for additional CEAs, as more students are exhibiting learning needs that are difficult to meet by classroom teachers who do not have the resources or skillset to assist them. Perhaps an incentive to attract more CEAs to the district would be beneficial.	Student Learning Support
Staff Staff	More money into Inclusive Ed to better support students	Student Learning Support Student Learning Support
Stall	Hote money into inclusive Eu to better support students	Student Learning Support
	Increases in the ELL support given the drastic increases we are seeing in ELL students, especially more and more emergent or non-English speaking. We need increases	
Staff	in CEA supports as there are growing designation needs. We still need more SEL support, there are many behavioral and emotional needs	Student Learning Support
Staff	More Ceas, more custodial cleaning	Student Learning Support
Staff	More resources for students with disabilities	Student Learning Support
Ottan	I believe more money should be put into hiring and retaining CEAs and Resource Teachers. They are burning out due to postings going unfilled, and they play a key roll in	otadont Edulining dapport
Staff	a teachers ability to successfully teach a class.	Student Learning Support
Staff	More incentive for CEAs. Smaller classroom sizes. Compost in schools.	
		Student Learning Support
Staff		
	More classroom support teachers and english language teachers. Students need more learning support from other adults with expertise about their learning needs.	Student Learning Support

Staff Staff Staff Staff Staff Staff Staff Staff Student Parent	Allowance for more ELL teachers as the influx of immigrants continues to grow Support services for students with learning challenges. more CEA's Our schools are so severely short on CEAs, counsellors, speech paths and other support staff. These deficits are severely hurting our children, and are burdening existing staff to the point of exhaustion. We cannot keep going in this direction. When will this change? More CEA funding I would like to see the proposed changes to Resource reconsidered, and an emphasis placed on paying CEAs living wages so that there is the necessary classroom support. Increase funding to support staff, both maintenance and in classroom support. Bussing should be reduced for families. The amount of cancelled buses and delays should be reimbursed as well. Also, if a student has separated parents only one fee should be collected. I think food at meetings should be disallowed. The costs of food is unnecessary and Covid meetings proved that LOWER BUS TRANSPORT RATES Increased busing to help reduce traffic and equal funding for English and French cohorts. Q3: What other informati	on would you like the District to know that will help develop next year's (2024/2025) preliminary budget?	
Respondent	Response	Theme
Parent	I would be willing to pay more taxes if it meant our public schools were better funded	Funding & Budget
	Services & Supplies seemed to increase disproportionately between 22/23 and 23/24, could we look at decreasing it to 22/23 levels. Has integrating bussing with First	
Parent	West Transit been explored?	Funding & Budget
Parent	Don't raise taxes	Funding & Budget
Parent Parent	Help parents who are in welfare income assistance. Kids should go to school for free with no charge. Lower costs. It's hard for families right now. Everything is so expensive	Funding & Budget Funding & Budget
raieiii	Ecoret costs. it is not not remines right now. Everytuning is a Seepensore. There should be budget for families whose needs aren't covered by the school. My daughter has inattentive ADHD. Canyon Falls is a TERRIBLE environment for a kid with	Fulluling & Budget
Parent	attention problems. The budget should cover her tuition at a school that can actually support her.	Funding & Budget
	Low income families aren't the only ones who have troubles affording everything. Lower middle class usually don't qualify for funding but often can't afford the extras	
Parent	once everything else is payed for.	Funding & Budget
Parent	Plans and budget planning	Funding & Budget
Parent	There is a growing public perception that there is massive dollar waste at the district level for unneccesary administrative positions.	Funding & Budget
Parent	More discretionary spending to schools, for field trips and fun school events, would be really nice.	Funding & Budget
	I'd like to see something in the budget presentation that plans a bit longer term than one year. While I know the budget is for one year, given the number of projected	
	students coming, I am curious about longer term solutions. I'd also like to see French Immersion pulled out by students numbers	5
Parent	Continue to focus on providing schools with more school based funds to have the flexibility on meeting the needs of their school community so it can be more proactive	Funding & Budget
Staff	and less reactive in decision making.	Funding & Budget
Staff	The Board of trustees, CEO etc make a ridiculous salary that is above and beyond what they should be paid.	Funding & Budget
Staff	I hope there are adequate funding per child going to schools to manage increasing costs within and outside the school district.	Funding & Budget
Staff	the allocation of resources does not always feel or look equitable accross the different regions in the district	Funding & Budget
Staff	breakdown of what district/HR staff get in terms of coverage of cell phone, gas, vehicle etc.	Funding & Budget
Staff	I get the impression that the Westside is underrepresented when making decisions.	Funding & Budget
Staff	Why are there so many district principals and directors? Are they really needed?	Funding & Budget
Staff	Equity across district when considering salary increases.	Funding & Budget
Staff	Money should be spent in the schools supporting the students.	Funding & Budget
Staff	Teachers need access to more resources and time in order to cater to the diverse needs of our current students. These would be less that does not entitle to wright the total control of the control of	Funding & Budget
Staff	These would help students and staff by using this targeted funding. Lithink any tightening of the spending should be in all great, not just schools.	Funding & Budget
Staff Staff	I think any tightening of the spending should be in all areas, not just schools. More openness as to where the money goes.	Funding & Budget Funding & Budget
Staff	More openness as to where the money goes. Admin's budget seems to be small but not sure if that's true.	Funding & Budget Funding & Budget
Staff	Admini shudget seems to be smart but not some in that's time. Reallocate funding back to the schools. Get it out of the Board Office.	Funding & Budget
Staff	money needs to be directed directly to schools	Funding & Budget
Student	Budget smart ig!	Funding & Budget
	The fees for the grad class is absolutely absurd and should be a crime for how expensive it is, especially considering having to pay for photos & attire on top of it all.	
Student	The receivance gradiciass is absolutely absolution and should be a crime for how expensive it is, especially considering having to pay for photos & attire on top of it all.	Funding & Budget
	Kids and youth are more likely to succeed if they have specialized knowledge in technology. Foreign students arriving are far more academically trained and are	
	dominating in universities. Focus on higher grade acquisition and leave the politics and agends to the parents. Youre to educate not parent.	
Parent		Learning Resources & Technology
Parent	More programs that deal with AI.	Learning Resources & Technology
Darrant	Tech learning has taken on far too large a role! The district actively promotes screen disengagement but then uses tech in all aspects of student learning. With a	Ii P ® Tbl
Parent	recommendation that no child before the age 12 use tech, there should be consistency of this in the classrooms. It would save \$ too	Learning Resources & Technology

There are not enough decodable books in early elementary classrooms. Anxiety in children is at an all time high. They will be entering adulthood to a broken planet and some, a low amount of hope. That our children's mental health suffers when they can't access the supports they need. And even when they're accessing supports in the community, this nevertheless impacts classroom teachers and support staff and leads to burnout. Bringing in more education and workshops for Emotional and Mental Welibeing, including healthier School Meals. More focus on student mental health. Increased budget for programs that provide student support as well as more in-depth training to protect kids against bullying. Please consider that mental and emotional problems do not only affect those in low SES communities. It is extremely short-sighted that a school of over 600 students, atthough being in a middle-to-upper class neighbourhood, would only have one (2 day per week) counseltor and no SEL support staff. Why are school hours being reduced over the years? Workshops for parents, on how to support and accompany the development and strengthening of our children Confirm and uphold parental rights the same as Alberta. Would like to see more community building within the school Anything good for kids more supports to keep kids in school, West Kelowna school population exploding as C of Living in Kelowna has families moving from Kelowna to W	Learning Resources & Technology Mental Health Resources Miscellaneous
Staff Parent Parent Parent Parent Parent	Tech demands are rising and yes, teachers still want district wide cell phone bans. For the sake of the mental health and learning for all. Important to keep funding academics courses with books and supplies More technology in schools so students have increased access to school devices More Chromebooks If you value tech, provide appropriate periphrial support for the weak core equipment you purchase. Why do we have to fight to get dongles/hubs to support extending displays and compensating for laptops with limited ports? I have to use a monitor from home to have a two monitor set-up. Respondent	Response	Theme
Staff	Schools need more CEAs, and they need to be paid better.	Student Learning Support
Staff	our school is already one third ELL students with only 1.4 FTE	Student Learning Support
Staff	There is not enough support in school for at risk students.	Student Learning Support
	Inclusive Education staff is growing - we need more people in the role and there should be a cap of how many students an RT can be case manager for. We need more	
Staff	CEA's	Student Learning Support
Staff	We need more staff, especially support staff. It is difficult to run a classroom without all of these roles.	Student Learning Support
Staff	With the increase in demands in classrooms it would be beneficial to have additional supports in the classroom. More support for kids and workers in the classroom.	Student Learning Support
Community Member	Bus fee transparency.	Transportation
Parent	1. With changes 2 middleschool catchments in WK, (moving SLE from CNB-Glenrosa), plan 4 additional bussing needs as students are now requiring transportation(when they could have walked before)2. SLE desperately needs before&after schoolcare, plan 4 this b4 adding more portables 4 more new students	Transportation
Parent	Buses should be made available for the French immersion students that live out of local catchment	Transportation
Parent	A better bus route plan, currently we have to drive to our assigned bus stop	Transportation
Parent	More busing is desperately needed and should be provided to ALL families who want it. This would eliminate a lot of parents driving their kids which increases traffic. Traffic on Gordon and Lakeshore is horrendous.	Transportation
Parent	The cost for bussing is ridiculous!! Also they are using a huge bus to transport 4 children in my daughter's route. Bussing costs need to be reduced. They went up \$50 from last year	Transportation
Parent	To lower bus fees depending on distance away from school and to make it free for students that live and have to travel over 10km or more from any school.	Transportation
Parent	Bussing for families where kids live in two homes if one home is out of catchment is not and option. This further disadvantages these kids and parents creating hardship. The city bus system is not the answer it takes a long time and kids are exposed to unfavourable situations. Esp at QW interX	Transportation
Parent	Bus up to Black Mountain for Black Mountain Elementary School.	Transportation
Parent	Please consider topography and route walking safety concerns in addition to distance when accepting/denying requests for bussing	Transportation
Parent	Bus services for french immersion kids who are out of catchment of Ecole Peter Greer	Transportation
Parent	Access to a school bus is so important for parents who for example both work. Please stay flexible with spots for courtesy riders, especially the ones that are close to the distance to school limits.	Transportation
Parent	Lack of bussing options, is creating a host of problems outside of school including traffic and environmental.	Transportation
Parent	The schools (and our lives) are not built to have 500 parents drop off their kids at 810am. Making bussing available to every student is a necessity.	Transportation
•	the bussing situation for field trips in more remote schools is tough. It is so much more expensive, and the school pays the price for this which puts these schools at a	
Parent	disadvantage compared to schools that are more centrally located	Transportation
Staff	Oyama: The cost for my students for field trips is astronomical because of the fees we have to pay to take a school bus. We are an outlier school, and often cannot afford field trips because of the bus cost.	Transportation
Staff	More transparent on spending regarding bussing	Transportation

Memorandum

Date: March 29, 2024

To: Finance and Audit Committee

From: Kate Cumming, Assistant Secretary-Treasurer

Information: Purchasing Administrative Procedure Update

1.0 BACKGROUND

The Purchasing Administrative Procedure outlines the required procedures for District purchases in alignment with Policy 206 – Purchasing (*Appendix A*). The Purchasing Administrative Procedure (*Appendix B*) details the required procurement methods to be used based on the total acquisition value of the purchase, the guiding principles for purchasing goods and services on behalf of the District, and the responsibilities with regards to purchasing for District employees and for the Purchasing Department.

3.0 INFORMATION STATEMENT

The Purchasing Administrative Procedure has been revised in order to update the acquisition dollar thresholds. The Purchasing Administrative Procedure was last revised in June 2018 and the cost escalation of goods and services over the past 6 years has resulted in a need to increase the acquisition dollar thresholds for operational effectiveness. The increases would maintain the intent of Policy 206 – Purchasing to ensure that the best value is obtained for the District's purchases while reducing processing and administration time for procurement and payment.

Below is an excerpt from the updated Purchasing Administrative Procedure that reflects the proposed acquisition dollar thresholds.

Current Value	Proposed Value	Procurement Method
Over \$75,000	Over \$125,000	Public Consultation
\$15,001 to \$75,000	\$20,001 to \$125,000	Minimum of 3 Written Quotations
\$2,001 to \$15,000	\$5,001 to \$20,000	Minimum of Three Verbal Quotations (excluding books, athletic clothing, field trips, donations, graduation events, and fundraising)
Up to \$2,000	Up to \$5,000	VISA Purchasing Card or School Funds No Purchase Order Required

Since the development of the British Columbia Building Code in 2018 (BCBC2018) the Ministry of Education and Child Care has utilized an escalation factor applied to the base unit rate of construction in Central Okanagan. This rate was 1.166 in 2018 growing to 1.941 in 2023 which is a .748 factor increase in the cost of construction.

Table 5: Project location factors		
SD No.	Community	2 nd QUARTER 2023 (October) Location Factor
5	Cranbrook	2.017
5	Fernie	1.995
6	Golden	1.985
6	Invermere	2.051
6	Kimberley	2.044
8	Creston	2.038
8	Kaslo	2.07
8	Nelson	2.031
10	Nakusp	2.116
19	Revelstoke	2.025
20	Castlegar	1.998
20	Trail	2.017
22	Vernon	1.914
23	Kelowna	1.941

As a result, a building project with a total cost of \$75,000 in 2018 would cost \$124,850 in October 2023 according to the increase in the cost escalation factor. This has formed the basis of the proposed increase in the acquisition dollar thresholds.

4.0 ASSISTANT SECRETARY-TREASURER'S COMMENTS None.

5.0 APPENDICES

- A. Policy 206 Purchasing
- B. Purchasing Administrative Procedure (Revised March 2024)

APPENDIX A

School District No. 23 (Central Okanagan)

Policies And Procedures

"Together We Learn"

Section Two: School District Administration

206 - PURCHASING

Introduction

The Board of Education believes that all employees procuring goods and/or services on behalf of the Central Okanagan Public Schools are representatives of the School District and as such should conduct themselves accordingly.

Policy

- 1. Specific procedures for the acquisition of goods and services are the responsibility of the Secretary-Treasurer. Procedures must be tailored to effectively meet the needs of the School District's management structure therefore authority to initiate expenditures shall be assigned to individual employees who have responsibility for specific accounts. These procedures will be outlined to employees through an administrative procedure.
- 2. School District employees at all levels will follow the legal requirements for Public Purchasing in British Columbia in all purchasing activities.
- 3. School District employees will conduct themselves in such a fashion as to ensure the District is viewed as an honest, forthright organization that is acquiring goods and services in an ethical manner.
- 4. Employees will seek best value in all purchasing activities by ensuring that needs are clearly defined and responses are evaluated fairly to achieve a result that serves the best interest of the Central Okanagan Public Schools.

Date Agreed: June 27, 2007

Date Amended: December 13, 2017 Date Reviewed: December 11, 2013

APPENDIX B

Administrative Procedure (Staff) **Business/Finance**

PURCHASING

Context

All goods and services are to be acquired in accordance with following acquisition dollar thresholds:

VALUE	PROCUREMENT METHOD
	Public Consultation
Over \$125,000	[i.e., Tender Request, Request for Proposal (RFP); Request
	for Quote (RFQ); Expression of Interest; or Notice of Intent
	(NOI)]
	Purchase Order required.
	Minimum of Three (3) Written Quotations
\$20,001 to \$125,000	to be submitted to Purchasing.
	Purchase Order required.
	Minimum of Three (3) Verbal Quotations
\$5,001 to \$20,000	(excluding books, athletic clothing,
	field trips, donations, graduation events, and fundraising)
	Backup to be available upon request.
	Purchase Order required.
	VISA Purchasing Card or School Funds
Up to \$5,000	No Purchase Order required.

Notes

- 1. The Purchasing Manager may deem a Public Consultation Procurement (PCP) method necessary for a purchase of any dollar value. A PCP method must but must always be used if the value is over \$125,000.
- 2. Purchase orders are optional for purchases less than or equal to \$5,000 but are mandatory for purchases that are greater than \$5,000, excluding books and athletic clothing, field trips, donations, graduation events, and fundraising.
- 3. Purchase orders are the accepted method for obtaining any goods or services. The purchase order form is initiated as a requisition only. It is not an official purchase order until approved by the Purchasing Manager.
- 4. US purchases should use the purchase order process to minimize ancillary costs (i.e., brokerage, duty, freight, US conversion costs, GST).

- 5. Any item in the Central Stores catalogue is available through the stock requisition software program.
- 6. No purchases of computer software or computer hardware are to be made without a Purchase Order.

Purchasing procedures are guided by the following <u>principles</u> to ensure an appropriate standard of performance for purchasing:

- 1. Procure the necessary quality and quantity of goods and services in an efficient, timely, and cost-effective manner, while maintaining the controls necessary for public institutions.
- Encourage the most open bidding process practicable for the acquisition and disposal of goods and services through the public tender process and in accordance with the Freedom of Information Protection of Privacy Act.
- 3. Ensure the maximum value of an acquisition is obtained by determining the total cost of performing the intended function over the lifetime of the task. This may include, but not be limited to, acquisition cost, disposal value, disposal cost, training cost, maintenance cost, quality of performance and environmental impact.
- 4. Operate Central Stores for the purchase of goods and services through the most costeffective means having due regard for the quality of the goods and services required.
- 5. Procure goods and services with due regard to our commitment to encourage the use of "environmentally friendly" products and services.
- 6. Follow the guidelines set out in the codes of ethics established by the Purchasing Management Association of Canada.
- 7. Give preference to local, British Columbian, or Canadian suppliers, in that order, when all bids offered for consideration are deemed equal.

Procedures

1. Non-Purchasing Department Employees

Principals, Vice-Principals, and other employees making a purchase on the District's behalf are responsible for:

- 1.1 ensuring all purchases are performed in accordance with Purchasing Policy 206 and the guidelines defined in this Administrative Procedure;
- 1.2 using their signing authority for all purchases from accounts under their control; and
- 1.3 using a VISA purchasing card or school funds for small dollar value purchases (i.e., under \$5,000). Purchasing preloaded gift cards with a District VISA is not permitted.

2. Purchasing Department

The Purchasing Department team will provide support to District staff and act as the District's agents authorized to form contractual agreements with vendors by

- 2.1 approving purchase orders/contracts;
- 2.2 maintaining records of business transactions as required;
- 2.3 disposing of assets as required, including surplus and scrap;
- 2.3 ensuring that all business transactions are conducted ethically and professionally; and
- 2.4 ensuring that qualified vendors receive requests for tenders, proposals, quotations, or prices.
